

TEXAS COLD DAMAGE IS HEAVY

Many Rumors Thursday In Lindbergh Case Are Found to Be Groundless

HOPEWELL, N. J., Mar. 9.—(P)—Rumors flew thick and fast in the Lindbergh baby kidnap case today but one after another they were found to be worthless.

Troopers who have guarded the Lindbergh estate and the road leading to it for more than a week were replaced by others this morning, but it was officially announced it was only a routine relief.

An early rumor that a private car on a train from Chicago bore persons important to the case was disproven when the train arrived at New York.

Reports that the baby had been found but a few miles from home cropped up again and were quickly proven groundless.

The search was tirelessly on with between 50 and 60 persons attached to the state police force with headquarters in the Lindbergh garage.

These included troopers, detectives, finger print men, guards, clerks, teletype operators, telephone men, stenographers and photographers.

Police said they had asked no aid of foreign countries, but when the Ile De France arrived at Plymouth it was searched. Nothing was found.

The formal questions submitted to police at the Lindbergh home elicited little beyond the one fact there was no slackening in the efforts to trace the kidnapers and regain the child.

It was learned today that the kidnapers might have obtained a sword they used in the crude manner which gave them access to the nursery right from the Lindbergh estate itself.

It was learned on good authority that from the hundreds of communications purporting to come from the kidnapers five have been set aside for further study. One of these is the ransom note planned to the nursery window sill by the kidnapers. Of the four received on the same kind of paper, three are in handwriting similar to the first. The other is typewritten. All are signed with the name "Melvin" and all demand money and say that instructions for its delivery will be forwarded at the proper time.

In the second batch of questions submitted to police today, reporters touched on a delicate subject which was definitely answered without hesitation. It was the matter of the recurrent rumor that the Lindbergh baby suffered from some eye or ear trouble, a rumor which has been repeated many times and which has caused the Lindberghs considerable annoyance.

Baby Perfectly Normal

The question sent to the Lindbergh house today read: "The old, oft-repeated rumor that the Lindbergh child is deaf and dumb have sprung up again. We apologize for submitting the question, but may we have another definite answer?"

Back from the home came the ready answer: "The child is perfectly normal in every way."

Every question was answered.

MOTHER OF MELVIN HORST LIVES OVER AGAIN AGONY OF THE KIDNAPING OF HER SON

BY K. E. SANDERS, Associated Press Staff Writer.

WOOSTER, O., March 10.—(P)—In the quiet village of Marshfield, near here, a mother daily repeats every word about the Lindbergh kidnaping, although each word sharpens her own grief.

Mrs. Raymond Horst knows what it means to be at the mercy of kidnapers. For more than three years, she has waited helplessly for some word of her little boy, Melvin, who vanished from play one afternoon and never was heard from since.

"The Lindbergh kidnaping brings back to me all of the agony of the first days when Melvin disappeared," Mrs. Horst said. "I certainly hope the Lindbergh baby is found, but in my own case all I have ever been able to do is hope." She has sent her sympathy to Mrs. Lindbergh.

Melvin, if he still lives, is now 27. He was four the afternoon of Dec. 27, 1928, when he went out to play and never came back to the tiny Christmas tree in the Horst home. The Horsts then lived in Orrville, four miles southwest of Marshfield.

Thousands of clues were run down and arrests, trials, convictions, acquittals and false confessions resulted through the protracted investigation which still goes on, but nothing produced a definite trace of the child's fate. Officials in general have accepted the theory he was kidnapped.

Soon after the disappearance, Junior's every word about the Lindbergh kidnaping, although each word sharpens her own grief.

Mrs. Horst said she has never heard from her son since.

Two years ago there was another sensational story from Junior Horst. He said his father, Charles Horst, and Earl Conard, former railroad brakeman, killed Melvin in a garage. The elder Horst and Conard each accused the other and on the strength of Horst's story, two supposed "burial" places were dug up. The two men confessed authorities for a week with "confessions" and accusations with their stories were proven false. Indictments for child stealing and murder were returned, but later nolle.

Auto-Truck Crash Fatal to Two Men

CONROE, March 10.—(P)—Two men were killed in an automobile accident near here last night. They were Arthur Murphy of Madison county and R. E. Stevenson of Huntsville. Murphy died instantly but Stevenson lived several hours.

It was believed their car collided with a truck trailer.

JAPANESE NOTIFY CHINESE THEY ARE READY FOR PEACE

STATEMENT SAYS WILLING NEGOTIATE ALONG LINES LAID DOWN BY LEAGUE

SHANGHAI, March 10.—(P)—Mamoru Shigemitsu, Japanese minister today notified Chinese authorities that Japanese civil and military officials were ready to enter into negotiations for peace in accordance with the resolution which the League of Nations assembly adopted March 4.

"There is reason to entertain some anxiety concerning the situation at the front," a note presented by the minister said, "and we consider it a matter of urgent necessity to reach a definite agreement for cessation of hostilities forthwith. Then we may discuss and determine arrangements for a withdrawal of Japanese troops."

"Japanese authorities have presumed all along that the Japanese attitude on this matter was understood by the Chinese. Failing to hear anything from the Chinese, however, since the League's resolution was passed, the Japanese authorities wish to make clear, beyond all doubt, their readiness to negotiate along the lines laid down by the League's resolution."

U. S. Infantry to Remain in Shanghai

WASHINGTON, Mar. 10.—(P)—The government has decided that the 31st infantry will not be withdrawn from Shanghai immediately.

Conditions are quiet at Shanghai, according to reports to the state department, but there is still uncertainty as to when the Chinese and Japanese may arrange a truce.

The weather is bad there and it was suggested in official quarters that uncomfortable conditions under which the 31st infantry has been living inspired the desire of officers to return to Manila.

After considering the situation, however, officials concluded it would be best to make no change for the present.

THREE POLICEMEN KILLED IN FIGHT WITH JAILED NEGRO

BLACK SNATCHED OFFICER'S GUN AND KILLED HIM; NEGRO LATER SLAIN

NEW ORLEANS, La., Mar. 10.—(P)—Three policemen were killed in a cell room gun fight with a negro prisoner at the Twelfth precinct police station here yesterday and their assailant later met death in an attempt to escape. A negro trusty was wounded.

Patrolman Cornelius Ford was disarmed and slain by the negro, Reedy Thompson, arrested on a charge of stealing \$500 worth of clothing, as the officer attempted to lock him in a cell.

As the negro barricaded himself in the cell with the gun of the dead policeman, Corporal George Weidert and Patrolman Albert Osterlecher tried to reach his cell window from the outside and were shot down. Weidert died almost at once but Osterlecher lived until last night.

Officers finally induced Thompson to surrender by bombarding his cell with tear gas. He was wounded as he attempted to resist after the surrender.

A few hours later, on his back to police headquarters after treatment for the wound at a hospital, officers said the negro tried once more to escape. He was shot and killed by William King, trusty, said he was shot by Thompson when he grappled with him after Ford was slain.

Executioner of Gang Kills Man Saw Activities

SALEM, N. J., March 10.—(P)—A world executioner, who killed a negro woodcutter who happened to spy on him dumping a "ride" victim's body into the woods near here, had eluded state troopers and a posse of citizens today.

The slayer fled in a red coupe after flinging the body into a clump of bushes, shooting Irving Hite, the 49-year-old woodcutter, and threatening the negro's wife.

The first victim was a well-dressed white man about 25 years old, shot three times in the chest, once in the head and once in the neck.

Mrs. Herbert Hoover returned to the White House today after a 15-day cruise and visit in the south.

The First Lady left St. Augustine late yesterday, returning by train, where she and a part of friends had journeyed to Florida, mostly by water.

Mrs. Hoover Returns Home on Thursday

WASHINGTON, Mar. 10.—(P)—Mrs. Herbert Hoover returned to the White House today after a 15-day cruise and visit in the south.

The First Lady left St. Augustine late yesterday, returning by train, where she and a part of friends had journeyed to Florida, mostly by water.

After Fatal Riot

Above are shown state troopers and police at the Ford Motor Co. plant in Dearborn, Mich., after the riot of Monday, which cost four lives, had ended. Below are three men who were injured in the Dearborn disturbance. Top left, Peter Herman. Bottom left—Joseph Ottewill. Right, David Grey.

DESTROYER SAVES CREW OF DISABLED JAPANESE TANKER

OTHER NAVAL VESSELS ARE STANDING BY FOR POSSIBLE SALVAGE OPERATIONS

MANILA, Mar. 10.—(P)—The destroyer Tracy, racing ahead of four other vessels of the United States navy, saved 40 or more Japanese from the burning freighter Kaka Maru, off the island of Mindoro tonight.

Responding to the distress call, the Tracy, the destroyer MacLeish and the aircraft tenders Avocet and Jason dashed 100 miles south from their base at Cavite to rescue the crew of the Kaka Maru, enveloped in flames and smoke from her gasoline cargo.

The Tracy, faster of the rescue boats, reported by radio that the crew had been taken off and said the navy salvage vessel Pigeon was standing by to aid the Kaka Maru. It was thought, however, it would be necessary to beach the Japanese vessel on Mindoro island.

The Kaka Maru, formerly the Tosan Maru, was proceeding from Colombo, Ceylon, Singapore and Hongkong to the North China sea when the fire broke out in number two hold.

The Kaka Maru's home port is Tarnai, Japan, and she is a steel steamer of 3563 gross tons.

Democrat Wins Seat in House From Illinois

WASHINGTON, March 10.—(P)—A house elections committee decided today that Stanley H. Kunz, Democrat, is entitled to represent the eighth Illinois district in the house of representatives.

It agreed that an official recount showed he was entitled to the seat instead of Peter C. Granata, Republican incumbent.

The decision was based on a recount which gave Kunz 16,344 votes and Granata 15,007.

When the votes first were canvassed Granata was shown to have 16,565 and Kunz 15,394.

The Democrat contended ballots had been changed and asked for the recount. The committee vote was on a strictly partisan line.

Record Prices Paid For Beef At Fort Worth

FORT WORTH, March 10.—(P)—The highest price paid at an livestock show in the last year was brought by the grand champion steer of the 1932 Southwest Exposition and Fat Stock Show here today.

The champion, Superior Meador 424, was sold to the Blackstone Hotel for \$153 a pound. The animal was owned by C. M. Largent and sons of Merkel. It likely will weigh 875 pounds and at that weight will bring \$1,328.75.

The reserve champion, Texas Pride 24, owned by Texas A. and M. College, was sold at 27 cents a pound.

Last year the grand champion steers of the show was sold for \$105 a pound. The best price in a year before today for any champion steer was \$140 paid at the Los Angeles show in December.

The champion calf, entered by Charles Vanderwork, Wauko, Okla., was sold at 21 cents a pound to W. J. Largent, Merkel.

The senior and reserve champion club calf, entered by Miss Dorothy Smith of Rochelle, was sold at 16 1/4 cents a pound.

The champion barrow sold for 15 cents a pound. It was owned by the Wonderland farms of Walcott, Ind., and was the champion Hampshire at the Denver show.

What CONGRESS is Doing

By The Associated Press.

THURSDAY, March 10.

Continues debate on interior department appropriation bill. Bus and truck regulation hearings by interstate commerce committee.

Hearings on LaFollette public works bill by education and labor committee.

House.

Begins consideration of the new \$1,096,000,000 tax bill.

Coinage committee investigates silver.

Expenditures committee considers government consolidation.

Interstate commerce committee considers merchant alship legislation.

CHAIRMAN CRISP OF HOUSE COMMITTEE BACKS NEW TAX BILL

SAYS NECESSARY TO BALANCE BUDGET TO AID ECONOMIC RECOVERY

WASHINGTON, March 10.—(P)—A program calling for heavy excise taxes on several big industries was offered as an alternative to the house today in the event it declines to favor the 2.25 per cent manufacturers sales tax program of the ways and means committee.

Acting Chairman Crisp said the committee believed the sales tax the most just but that if it, along with the levies to return \$875,000,000, were defeated, the house could adopt the treasury's program.

It now calls for heavy taxes on tobacco, automobiles, gasoline, radios, phonographs. Electricity, household gas and taxes on bank checks, real estate transfers and by increasing first class postage.

Crisp said the committee thought it would be more equitable to levy a broad manufacturers tax than to single out a few things and to tax them.

He recalled that the Canadian sales tax was a 4 per cent and the Australian sales levy 6 per cent, while that recommended by his committee was but 2.25 per cent.

Crisp said a budget of \$4,100,000,000 for the government was absolutely indefensible and that the farm board and other bureaus should be abolished and the salaries of government employees should be reduced 10 per cent.

WASHINGTON, March 10.—(P)—The house today began consideration of the new \$1,096,000,000 tax bill with acting Chairman Crisp of the ways and means committee declaring it the "duty of congress to raise revenue to meet government needs."

The Georgia Democrat said he regretted the necessity for the bill but that a \$1,241,000,000 treasury deficit was in prospect for 1933 and that the budget "must be balanced to aid economic recovery, give employment and make effective emergency relief legislation enacted by the congress."

"If the bill before you is enacted," Crisp said.

GEORGIA JUDGE IS COMPLIMENTED BY TEXAS GOVERNOR

STERLING ENDORSES SUPPORT OF JOHN N. GARNER FOR PRESIDENCY

ATLANTA, Ga., March 10.—(P)—Headquarters for the Democratic presidential preference in Georgia today made public a statement by Gov. Ross S. Sterling of Texas, endorsing Judge Howard's candidacy for the Democratic presidential preference in Georgia.

Judge Howard has announced that if he wins in Georgia he will throw his support in the Democratic national convention at Chicago in June to Speaker John N. Garner of the national house of representatives.

Governor Sterling's statement said: "Every Texan holds Judge Howard in high regard for his fine support of our native son."

"Judge Howard's campaign has helped to project the Garner cause throughout the country."

"Texas would be keenly disappointed should her sister state of the South 'neglect to give strong support to the man who is so extraordinarily well qualified to be our next president.'"

The announcement added "reports from throughout the nation have made possible the nomination of Garner most promising."

BANK OF ENGLAND REDUCES DISCOUNT RATE AGAIN TODAY

LONDON, March 10.—(P)—The Bank of England reduced its discount rate from 5 to 4 per cent.

The former gesture of confidence when the bank rate was reduced from 6 to 5 per cent Feb. 18, received such a favorable reaction that the further reduction today was decided upon by the directors.

The lower rate also was brought about by a rush of funds for sterling, which forced up the quotation of the pound sterling. The hands of authorities were forced by the discounting of bills in the money market at rates so low as to make the official minimum of 5 per cent ineffective.

A reduction of the rate had been expected since the federal reserve rate in the United States was lowered two weeks ago.

When the country went off the gold standard last September, the 6 per cent rate was imposed to check borrowing for speculation, profiteering in food commodities and inflation of values.

Sub-Freezing Weather and Snow Reported In Many Parts of State

FRIGID WINTER STILL HELD OUT IN MANY AREAS

COLDEST WAVE OF ENTIRE WINTER SHOWS NO SIGNS OF LETUP THURSDAY

(By Associated Press.)

Winter's peltions still fluttered angrily over large slices of Uncle Sam's domain today.

Cold winds swept the south; snow swirled in parts of the north; nor'west blasts chopped the Atlantic; and the frigid wave which pushed the mercury to season's low in many areas showed no sign of letting up.

The death list in the storm which began Sunday stood at about 40.

A crew of 34 abandoned the collier H. F. De Bardeleben after running for nearly three days with a broken rudder. They transferred to the British motorship Laganbank.

Off Cape Sable, N. S., the German freighter Harburg, endangered by a broken rudder, sent out an SOS yesterday.

A blizzard blinded autoists about Buffalo. A boy was found frozen to death in Pennsylvania. Cold continued to sweep the southern crops. In Ontario the snow was eight to 10 feet deep.

New York City, with 14 above zero, had its coldest day of the season today. Automobiles in the northeast were snowed out of the road. Reports of sub-zero weather.

But near Niagara Falls residents saw signs of an early spring—13 wild swans.

Every Southern State Hit by Cold

ATLANTA, March 10.—(P)—Winter blasts from the Upper Mississippi Valley brought ice, snow and sub-freezing temperatures to parts of every state in the South today.

Asheville, N. C., Louisville, Ky., and Atlanta were the coldest cities in the South. Asheville had a low of 10 degrees, Atlanta 15 and Louisville 12.

Heavy damage was feared for truck and berry crops in parts of Alabama, Georgia and Louisiana. In Louisiana, sugarcane and fruit crops in Tennessee and Arkansas. Florida experienced its coldest weather of the winter, as temperatures dropped to well below freezing.

The Memphis Evening Appeal said today farmers and fruit growers in the Memphis territory which includes parts of Tennessee, Arkansas and Mississippi, have suffered damage running into millions of dollars as a result of sub-freezing weather.

(Continued on Page 2)

PARTY LOYALTY COMMAND OF TEXAS DEMOCRATS TEMPERED BY FORGIVENESS FOR ERROR

PORT WORTH, March 10.—(P)—A command to party loyalty, tempered by a gesture of forgiveness and concession to Texas voters who bolted the democratic party for Herbert Hoover in 1928, was the new policy held out today by the Democratic state executive committee.

The committee meeting here yesterday picked Houston as the city to hold the state convention, the only party held out today by the Democratic state executive committee.

The committee meeting here yesterday picked Houston as the city to hold the state convention, the only party held out today by the Democratic state executive committee.

The committee meeting here yesterday picked Houston as the city to hold the state convention, the only party held out today by the Democratic state executive committee.

Holcombe Satisfied With Committee Rule

HOUSTON, March 10.—(P)—Oscar F. Holcombe of Houston, one of the group of aspirants for congress-at-large, said today he believed the state democratic executive committee's decision to require candidates to run for designated places could not be viewed by the courts.

"I believe the committee has full power to decide in the matter, and that it is not a question for determination by the courts," he said, adding he was quite willing to abide by the committee's action.

Holcombe claimed to have been the first candidate to file for place No. 2.

Woman Candidate To Test Decision

FORT WORTH, March 10.—(P)—Mrs. Ida M. Darden, candidate for congress-at-large, asked for congressmen-at-large, and asked here today, she drew up a writ of mandamus before the supreme court of Texas to test the legality of the ruling of the Democratic state executive committee requiring the candidates to file for designated places.

(Continued on Page 5)

TWO SUCCESSIVE VICTORIES HEARTEN ROOSEVELT BACKERS

MINNESOTA'S VOTES ADDED TO THOSE SECURED IN NEW HAMPSHIRE

WASHINGTON, March 10.—(P)—Two successive victories spurred the campaign of Governor Franklin D. Roosevelt for the democratic presidential nomination today.

On top of his popular victory for New Hampshire's eight convention votes, Roosevelt obtained yesterday Minnesota's 24. His managers turned their eyes immediately further west for a drive to obtain in next week's primary North Dakota's ten votes for which Governor Murray of Oklahoma has campaigned in person. As the first test between Roosevelt and Murray, results of that primary is regarded equally as important as the thoroughgoing victory over the Alfred E. Smith delegation in New Hampshire.

The Roosevelt supporters are working hard to consolidate this New England lead, going aggressively after the big Massachusetts delegation. So much of the state's organization is for Smith that a struggle is in sight. Yesterday Mayor James M. Curley of Boston sought withdrawal of Smith's sanction of the delegation making the race for him but the 1918 nominee replied he considered his consent in line with the original announcement that he would take it if the party called him. Curley hailed this as good news for Roosevelt.

In California a slate of Smith delegates was announced, and selection of one favoring the nomination of John N. Garner was put in the field today. A Roosevelt delegation was named earlier.

Across the fence, in the republican camp, President Hoover's first formal bid for nomination was noted in his filing of consent for delegates pledged to him in Ohio.

Smith Boom Turned Back.
ST. PAUL, March 10.—(P)—Minnesota democrats will contribute their 24 votes at the national convention at Chicago in June to the cause of Gov. Franklin D. Roosevelt of New York in his drive for the party's nomination for president.

The majority turned back a late boom for former Gov. Alfred E. Smith, supported by Minnesota democrats four years ago. Roosevelt forces then took complete control of yesterday's state convention.

Nation Cold

(Continued from page 1.)
freezing temperature the past few days.

The paper claimed virtually all early frosts and garden crops were killed and irreparable damage caused to other crops and trees which had taken on the early spring appearance due to the unusually mild winter that preceded the cold wave.

MEXICO CITY, Mar. 10.—(P)—Mexico was experiencing some strange northern weather today. A fierce northerly wind down across the Mexican gulf coast yesterday, endangering shipping and forcing harbor masters to refuse to permit small craft to venture outside protecting breakwaters.

In Mexico City temperatures dropped down to near freezing and a high wind prevailed.

Winter Isolates Town.
DURANGO, Colo., March 10.—(P)—Snowbound Silverton's slender thread of communication and supply was cut today when a blizzard settled down over the San Juan basin and mule teams were forced to turn back from Animas Canon.

The pioneer mining town, which has been virtually isolated more than a month by slides which blocked the Denver and Rio Grande Western railroad, recently has been receiving supplies by mule teams from Needleton, 16 miles away.

Texas Cold

(Continued from page 1.)
Gulf coast region in the immediate vicinity of Brownsville.

A survey of north and east Texas temperatures showed them to be approximately as low as those of yesterday. In some parts of south Texas a slight rise was noted but for the most part the minimum readings continued low.

Some damage to early cotton crops was expected in south Texas. It was believed Rio Grande citrus and truck crops fared well. However, frost damage was reported generally to truck crops in central and south central Texas, although not as severe as to the north and east.

Merrill had a low mercury reading of 14 degrees, Abilene 22, Wichita Falls 18, Lubbock 19, Plainview 14, El Paso 30, Palestine 24, Brownwood 21, Dallas 20, Del Rio 32, Corpus Christi 36, Brownsville 39, Paffurillas 28, San Antonio 28, Houston 28, Austin 28, Port Arthur 30, Galveston 34, Fort Worth 23, Tyler 20, McKinney 19, Nacogdoches 28, Waco 25, and Corsicana 23.

Gainesville reported 18 degrees. The mercury climbed to 25 before noon. Denton's minimum was 17. Fruit in that section was badly damaged but grain growers said their crops escaped serious injury.

Snow began falling at San Antonio before noon, melting as it fell.

Snow also was reported falling at Galveston, Yoakum and Victoria. It was the first snow at Galveston in many years. Victoria considered it the first snow of any consequence since 1924. The fall at Victoria amounted to about three inches. Yoakum had one inch.

Snow in Oklahoma.
OKLAHOMA CITY, March 10.—(P)—More than an inch of snow buffeted the far Oklahoma panhandle today and there were frigid temperatures in the rest of the state.

Mercury readings ranged from 7 in the northeast to 22 in the south. Skies over most of the state were clear but clouds and continued cold were predicted.

Snow at Austin.
AUSTIN, March 10.—(P)—Snow began falling in Austin shortly before 10 a. m. today, the first since early in 1930. The temperature was 28.

Heavy Snow at Laredo.
LAREDO, March 10.—(P)—Five inches of snow fell in this section today, the heaviest fall since 1917.

The low mercury reading of 28 degrees here this morning caused some concern for citrus groves, which were in full bloom in the Rio Grande Valley. The temperature rose to 33 before noon.

Growers said it would be several days before they could determine whether the crop had been damaged. Much depended on whether the cold wave was followed by bright sunshine, which might reach unfavorably.

The bermuda onion crop also was endangered by the cold.

Snow at Kerrville.
KERRVILLE, March 10.—(P)—Snow covered the ground here today. The minimum temperature was 26. The cold caused a slight loss to goat herds in the hill country.

PORT ARTHUR, March 10.—(P)—The cold wave which brought

Hot Tips

(Continued from page 1.)
kidnappers were reported to have advised Col. Lindbergh, they will deal with him.

Nurse Still Considered.
The press conference with state police early today revealed that the authorities have not as yet eliminated Betty Gow, the child's nurse, from any consideration.

The questionnaire revealed that the handwriting of Henry (Red) Johnson, sailorman friend of Miss Gow, who is held for questioning by Newark police, had been checked against that on postcard messages to the Lindberghs intercepted at Newark, South Orange, N. J., and Hartford, Conn., and was not the same.

In view of the announcement yesterday that "progress" had been made in the search, the police were asked last night if the progress had been continued. The answer was:

"Situation about the same."

Postcard at Beaumont.
BEAUMONT, March 10.—(P)—Postal clerks here today found a postcard addressed to Charles A. Lindbergh.

freezing weather to Texas claimed the life of T. D. Veazy, 37, whose body was found in a marsh near here last night. The coroner ruled his death was due to exposure.

Snow Swamps Telephone System.
HOUSTON, March 10.—(P)—So many people tried to talk about the weather today at the same time they overtaxed the telephone system here for a few minutes. It became impossible temporarily to get "outside" from downtown boards throughout the city.

"Well," said the telephone company in explanation, "nearly everybody downtown tried to call home, or call each other, simultaneously. The fact is, the telephone system here was so taxed you couldn't get a dial tone or raise an operator and therefore it appeared every telephone was dead. Now that everybody has got the matter off his chest there shouldn't be any more trouble. The situation was aggravated by the blowing out of nine fuses in one exchange."

It was the first snow here in more than two years.

Fear for Safety Winter Garden Crops

AUSTIN, March 10.—(P)—Apprehension concerning safety of truck crops in the winter garden districts and from Austin and west, was felt today by Carl Robinson, head of the federal department of agriculture bureau here. Robinson said a survey would be made immediately by the federal agents to determine the extent of the damage.

County agents in Central Texas reported they expected considerable damage to truck crops and to peach, pear and plum trees, many of which have bloomed. They reported little corn had been planted in the area owing to the wet weather. Should the cold, wet weather continue it would destroy the cane crop, since the seed would rot, it was reported.

Lowest for March.
GALVESTON, Mar. 10.—(P)—The lowest March temperature ever recorded here, 29.7 degrees, was registered today as a snow storm struck this gulf port, causing dismissal of classes in the public schools.

Lindbergh. It read: "This is the last appeal. Get things quiet or baby will not be returned safely." Officers believed some crank mailed the card. It was lettered in ink.

Sheriff Goes to Newark.
BRIDGEPORT, Conn., March 10.—(P)—Sheriff Thomas F. Reilly left at noon today for Newark, N. J., at the request of New Jersey police, presumably to confer about the Lindbergh baby kidnapping; his secretary said.

Later Reilly telephoned his secretary from New York that the trip was not connected with the kidnapping investigation.

Go-Between in Court.
NEW YORK, March 10.—(P)—The Brooklyn Eagle said today two of 16 men brought into federal court to face trial for conspiracy to smuggle liquor were Salvatore Spitalo and Irving Bliz, the men with alleged underworld connections named by the Lindberghs as go-betweens in the kidnapping case.

The pair was arrested and indicted by James Martin and Morris Grossman but the Eagle said they were really Spitalo and Bliz. After a whispered conference between prosecutor and judge the trial was postponed until tomorrow.

House Passes Mail Threat Measure

WASHINGTON, Mar. 10.—(P)—Indignation in congress at the kidnapping of the Lindbergh baby has resulted in passage by the house of a bill which will place severe punishment on senders of threatening letters or messages arranged for collection of kidnap ransom through the mails.

The act still must be approved by the senate, however, and there was a disposition has developed not to rush action which might endanger the Lindbergh child by frightening its kidnappers, even though its passage could not apply to a crime already committed.

Under the bill maximum penalties of \$5000 fine and 20 years imprisonment could be meted out for the crime.

Tax Bill

(Continued from page 1.)
into law the budget will be balanced," he declared.

"The committee action in formulating this bill was patriotic and non-partisan and it is your duty as members of congress to act likewise."

About the time the house was being urged to pass the tax measure, representatives Wood of Indiana, ranking Republican on the house appropriations committee, called at the White House and told President Hoover the tax program might have to be expanded upward before congress completed work on it.

Wood expressed the opinion that "when the first or the new tax returns come in on March 15, the volume will be so low that many will be surprised adversely."

Revenue Bill Debate Is Opened in House

WASHINGTON, March 10.—(P)—The new billion dollar tax bill was plunged today into the storm sea of house debate, with the biggest struggle of the present session impending on the manufacturers sales tax it proposes.

A concentrated and swelling opposition has formed against this provision, based on the central theme that it will hamper business and place an undue burden of taxation on the poor and people of small earnings. The opposition, like the force supporting the bill, knows no party lines.

In defense of the sales tax, the ways and means committee which drew the bill warned that this is the only source of revenue to be found by which the budget may be balanced; that unless the budget is balanced next year there will be grave consequences to the national credit structure; and further, that the direct taxes on the rich, the higher bracket income taxes, surtaxes, etc., have been raised in the bill to the point that they equal if they do not exceed the point of diminishing returns. No more is to be had from that source.

One fairly strong bloc has announced it will seek support in the sales tax, by which more than half of the bill's revenue is to be derived, with a tax on legalized 2.75 beer.

If the sales tax survives house consideration opposition will wait it in the senate also.

Seven Hundred Fishermen Are Marooned On Ice

HELSINGFORS, Finland, March 10.—(P)—Hardy boatmen accosted to the northern winter today rescued about 100 of the 700 fishermen stranded on great ice floes which broke loose yesterday in a storm in the Gulf of Finland.

The others, with a hundred horses, could be seen from Suursaar Island, half way between Helsingfors and Leningrad, huddled together on two huge floes, unable to help themselves.

The wind was still high today but the storm had broken. Last night the cold was intense and it was feared the fishermen, suffering keenly themselves, would have to kill their horses unless they were rescued soon because they had no fodder for the animals.

An icebreaker, which left Helsingfors last night was unable to get close to the castaways because of the heavy ice. Two airplanes took off this morning from Viipuri with food.

HELSINGFORS, Finland, March 10.—(P)—A search of the icy Gulf of Finland was under way today in an effort to locate a gigantic ice floe on which 700 fishermen and 100 horses were believed marooned.

Planes also were expected to join in the search, with an icebreaker which left here last night. The men had been fasting two days through the ice along the coast when a violent storm broke the huge floe away from the shore and carried the party out to sea. It was believed the storm broke the floe up after it was driven away and there was no way of knowing how widely the castaways might have been scattered in the meantime.

The violence of the storm prevented efforts to send help until last night. Provisions were scanty and the men were not sufficiently clothed to withstand the bitter cold for long.

Many Rumors

(Continued from page 1.)
today (although generally in some negative or non-committal way) except one. This related to the fact that although Colonel Lindbergh was scheduled to speak at a banquet in New York the night of the kidnapping he did not do so and returned home from the city about 8:30. The kidnapping took place between then and ten o'clock.

"Is Col. Lindbergh willing to explain his absence from the speaking engagement now?" the question read.

"No answer" was the police response.

Rumors Are Denied.
HOPEWELL, N. J., March 10.—(P)—Rumors that the kidnapped Lindbergh baby had been found within five miles of this village or that the child was being brought in on a train from Chicago were denied from the Lindbergh home today.

In accordance with the procedure established by police, the press submitted a list of questions about the case shortly after 8 o'clock.

It has been customary for police to confer on the questions about an hour in some instances showing them to the Lindberghs. This morning, however, two of the questions were answered immediately.

The first was: "Has baby been found five miles from Hopewell?" The police answered "No."

The other question read: "Is baby being returned, now on train from Chicago?"

"We have no knowledge of it," the police replied.

The other questions were held for more consideration.

Police Say Know Nothing.
HOPEWELL, N. J., March 10.—(P)—Police at the Lindbergh home

announced today that they knew nothing of a rumor that the Lindbergh baby had been found in Connecticut.

The following question was sent to police over the special teletype system:

"Reports from Bridgeport, Conn., are to effect that baby was found in Westport, Conn., by Sheriff Thomas Reilly and County Detective William Kearns. Taken to a hospital in Norwalk and Governor Moore will announce recovery tomorrow. Reason for withholding baby, too ill to be removed home. Is this report true?"

And from headquarters of the search came back the answer: "We have not received it."

Guard Spitalo Children.
NEW YORK, March 10.—(P)—The Evening Post says the two children of "Salvy" Spitalo, who was appointed to act as go-between for the possible return of the kidnapped Lindbergh baby, have been threatened with kidnapping as reprisal for Spitalo's efforts.

The paper says Mrs. Spitalo revealed the threat and reported she had received three letters, the latest demanding that Spitalo cease his efforts to trace the abductors of the Lindbergh baby.

The Spitalo children are under guard, the Post said. Mrs. Spitalo was quoted as saying she did not know where her husband was at this time.

Directors Oil and Gas Conservation Body In Session Fort Worth

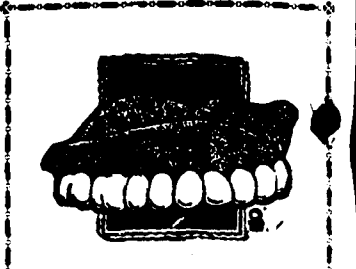

FORT WORTH, March 10.—(P)—Directors of the Texas Oil and Gas Conservation association met here today to discuss questions affecting the oil industry as a whole and policies the organization should adopt.

Charles F. Roesser of Fort Worth president, called the meeting to

order with approximately 60 members of the board from all sections of the state present.

Members of the executive committee met last night to draft recommendations to submit to the meeting today.

Four Still Held Connection With Ford Plant Riot

DETROIT, Mar. 10.—(AP)—All but four of the 48 persons arrested in connection with the riot at the Ford Motor company plant Monday were released today on orders of the prosecutor's investigators.

Before being released they were served with subpoenas to appear before the Wayne county grand jury, which Monday will start an investigation of the riot.

The bodies of the four victims of the riot remained in the county morgue unclaimed by relatives today while members of the Detroit communist party worked on plans for a mass funeral Saturday,

Kamen store after breaking a glass door. The knob of the safe was knocked. Jones later was left tied in the room in the vicinity of Phillips Chapel several miles east of Corsicana. The burglars apparently continued to Corsicana and thence to Ennis and east toward the Redbank crossing of the Trinity river.

Sheriff Pevhouse and other county officers have been conducting an investigation of this burglary, but no complaints or arrests have been reported.

removed from the box before it was thrown into the ditch by the burglars, Sheriff Pevehouse stated. The lock on the box had apparently been punched out. Nightwatchman Jones was overpowered and then guarded by one of the trio of burglars while his two confederates burglarized the

A black and white line drawing of a woman from the waist down. She is wearing a knee-length, pleated skirt with a pattern of small, dark, irregular shapes on a lighter background. She is also wearing a long-sleeved sweater with a similar pattern. She is standing next to a simple, modern-style chair, with her right hand resting on the chair's seat. She is wearing high-heeled shoes.

**Here's Why We Recommend
Wolverine Shell Horsehides!**

They Stay Soft...and Outwear Ordinary Work Shoes

YOU'VE probably seen the advertisements of these famous Wolverine Shell Horsehide Work Shoes in your farm paper. Everything the Wolverine people say about them is absolute fact. They do wear longer and give greater comfort. One customer after an ordinary hide as your finger nail compares with your skin.

You'll also find that Wolverine Shell Horsehides dry soft after soaking. They always look neat and trim because the tops are scuff-proof, the seams don't rip, and acid rolls off them like water.

other tells us so.

The picture above explains why. Wolverine uses only the one-sixth of a horse's hide around the hips that contain a shell. And in resistance to wear, it compares with

off a duck's back.

From ankle-length to knee-high, you'll find your favorite style in Wolverines. They cost no more than ordinary good work shoes. Come in and try a pair today.

WOMAN'S TROUBLE...

Thought She Would Die

Donna, Texas—"I was taken down with woman's trouble, and thought I would die," says Mrs. S. F. Moore, Box 732, "I suffered death. The doctor said there was nothing for me but an operation. I had then been in bed for five weeks, and could not walk without help. I began to take Dr. Pierce's Favorite Prescription and the 'Golden Medical Discovery,' also used the Lotion Tablets, and in two weeks people were saying they had never seen anyone mend so fast. Now I'm a well woman, do all my work, and feel good all the time." Druggists sell.

Miss Theresa Gray was on the sick list last week.

Misses Cleo and Pauline Wright visited Misses Bewetta Joy and Betty Jo Ross Thursday afternoon.

IN MEMORY OF MRS. LAKE G. IVIE.

On the night of January 19th God in his allwise wisdom saw best to remove from earthly ways of life our beloved daughter Lake G. Ivie. She was born at Dawson, Texas the 17th day of October, 1881. She leaves to mourn her loss three little boys, one brother and mother and father.

He with death all things for the best called her from this, her earthly tabernacle to "that house not made with hands eternal and in the heavens." Death, so far from being an end, is only the beginning of life. Yet there is a measureless sadness about a new measure of death philosophy may not lessen. There is a faithless despair in the knowledge that he veiled eyes may never beam upon us again with another welcome; that the motionless, folded hands we may not clasp; that the voiceless lips would not hear again on earth. Wrapped in God's sod she was away in the Navarro Mills Cemetery and therefore, viewless forever to earthly eyes. Such is the grave. Here every mortal pilgrimage ends. Here the weary footsteps find rest at last. Here life's burden is dropped; and here, through its shadowy portal, on the majestic wings of faith the enfranchised soul above the darkness and shadows soars into the eternal sunlight of far beyond—"deathless there forever." As Campbell beautifully says: "To live in the hearts we leave behind is not to die." Lake as she was familiarly called, was ever ready to assist the sick in their afflictions and has nothing to ask of earth but to be remembered for her deeds of kindness.

Take the helmet of salvation: Sweet assurance from the Lord That your sins are all forgiven Through the washing by the word. Let it drive forever from you Every iniquity and fear, Fill your heart with sweet assurance Of a Savior ever near.

Take the weapon of the spirit Which is God's own blessed word, For it is of life a savor Unto all who love the Lord. Bear it to the dying millions Who are grasping in the night After God so blind and hopeless. Bear to them the blessed light. Written by ALLIE SLATER.

CARD OF THANKS

We wish to express our heartfelt thanks to all who assisted us in the sickness and death of our daughter, Mrs. Lake G. Ivie. We especially thank Mr. and Mrs. A. E. Buttner and Mrs. Turner for their kindness.

MR. AND MRS. SLATER.

PURSLEY

PURSLEY, Mar. 10.—(Spl.)—A baseball team composed of Pursley school boys and independents defeated a team from Purdon, 11-3, Thursday afternoon on the Pursley diamond.

Louis Tonner and family visited J. W. Benton of Wortham Sunday.

Misses Elizabeth Horn and Wynelle Rutherford were dinner guests of Mrs. Ralph Norvel Sunday.

Due to the cold weather, the attendance at the Sunday afternoon singing was small.

Herbert and Cecil Rose of Union High attended singing Sunday afternoon.

Mr. and Mrs. W. L. Pursley, Miss Willie Anna Payne of Dallas and Mr. and Mrs. Roy Dalton and daughter of Hillsboro visited home-folks Sunday.

Mr. and Mrs. Lee Mohoney and family spent Sunday with Mrs. Baggett of Parisville.

Miss Wilner Wright, who has been attending Baylor college, Belton, returned home Monday.

The Pursley basketball girls played and won their last game of the season last Tuesday afternoon. They defeated Pickett.

Mr. and Mrs. W. F. Owen of Providence were in the Copeland home from Friday until Sunday.

Mr. and Mrs. Joe Cantrell of Bluffdale visited L. Owen this week.

The school and friends offer their sympathy to Mrs. G. B. Greenberry and family in the time of her sad hours at the time of the death of her mother.

Mr. and Mrs. J. H. Crider motored to Corsicana Saturday.

Mrs. F. M. Copeland is visiting her mother and father of Kerens this week.

The friends of Rev. Corbin were sorry to hear of his illness.

Tom Estell is leaving Tuesday for San Antonio where he will take up his baseball work. His friends are wishing him a successful season.

Mr. and Mrs. John Matthews were visitors in the Copeland home Saturday night.

M. W. Roberts of Dawson was in Pursley Monday.

Mr. W. Owen and Mrs. J. W. Higgins were in Corsicana Monday.

BERLIN GOVERNMENT

PREPARED FOR ANY

ELECTION TROUBLE

BERLIN, March 10.—(P)—Government officials prepared today for any eventuality which might follow Sunday's presidential election, even a general revolt of Adolf Hitler's national socialists.

Some uneasiness developed yesterday over the possibility of an uprising of the Nazis in case the election goes against them.

Two Hitlerite engineers, Theodore Eickel and F. Kemmet, were arrested at Ludwigschafen, charged with illegally manufacturing 80 bombs.

An editorial in the Nazi newspaper at Halle declared there must be no second balloting even if Sunday's election brings no absolute majority for any of the four candidates.

Police chiefs throughout the country assured the people that they were ready to prevent any illegality even if it became necessary to use the strongest measures.

Newspapers have been forbidden to post election results in their windows next Sunday or to project them on lantern screens. Citizens have been urged to sit in the safety of their homes and listen to the election returns over the radio.

President Von Hindenburg's only campaign speech will be a radio broadcast from his study tonight.

Drive For Jobs or

Jobless Near 200,000

NEW YORK, March 10.—(P)—The United action campaign for a million jobs for the jobless approached the fourth mark today.

Eighty-four communities in 29 states reported yesterday that posts had been obtained for 7,485 wage earners. That brought the total to 184,812. Pennsylvania's 3,161 was the largest state total for the day.

PHOENIX, Ariz., March 10.—(P)—The Rev. H. J. McKinnell, 73-year-old father of Winnie Ruth Judd, is circulating petitions asking that her sentence of death for the murder of Agnes Anne Le Roi be commuted to life imprisonment.

If the pending appeal of Mrs. Judd to the supreme court of Arizona is denied, he said, the petitions will be filed with the state board of pardons and paroles.

Mrs. Judd is in the state prison at Florence. Certification of her appeal automatically will stay execution of the death sentence, set for May 11.

TEXAS DEMOCRATS

(Continued from page 1.)

their names for specific places on the ticket.

Mrs. Darden, running for congress on a prohibition repeal platform, was the first of the 25 announced candidates to announce she will contest the committee's decision to certify candidates for places 1, 2 and 3 on the ballot.

The committee, which laid down its ruling on the question before concluding its meeting here with the selection of Houston for the state convention on May 24, invited a test before the supreme court to determine whether it properly should specify places or allow the candidates to engage in an open race. It was indicated the writ will be sought at once.

Other candidates for congressman-at-large here, while dissatisfied with the committee ruling, were preparing to abide by its decision.

DALLAS, March 10.—(P)—Sterling Strong of Dallas, a candidate for congressman-at-large, today announced he would run for Place No. 3.

"Since the state Democratic executive committee has designated that candidates for congressman at large should announce for places one, two or three, I announce for place No. 3," he said.

"Three has always been a lucky number for me. I am preparing to conduct an active campaign."

Justice Court.

Examining trials were held Monday before Judge Sam E. Jordan for two negroes charged with the theft of chickens from several residents of the Zion's Rest community several nights ago and an examining trial for one of the negroes on a charge of auto theft also was conducted.

Two of the negroes were severely beaten and told Judge Jordan they had received their injuries from prisoners in a Dallas jail when hauled before the kangaroo court. The negroes were arrested by Dallas detectives and lodged in jail there, later being transferred to Navarro county officers.

MAKE THIS MODEL AT HOME

THE CORSICANA DAILY SUN DAILY PATTERN

COLOR CONTRAST SMARTLY USED PATTERN 2301

STEP-BY-STEP INSTRUCTION DIAGRAMS GIVEN WITH THIS PATTERN

By ANNE ADAMS

Interest in contrast promises to continue throughout the entire summer season. Here a frock of printed silk has a joke, smartly reversed, in plain color. A stunning model which offers delightful opportunity for individual taste in selecting colors most becoming. The pointed details are extremely fashionable and lend a youthful, slender effect. Harmonizing prints could be delightfully used in this model.

Pattern 2301 may be ordered only in sizes 14 to 20 and 32 to 42. Size 16 requires 2 1/2 yards of 38-inch fabric, 1 yard contrasting.

Send Fifteen Cents (15c) in coins or stamps (coins preferred), for each pattern. Write plainly your name, address and style number. Be sure to state size wanted.

Send for the New Spring Fashion Catalog. This beautiful, colorful book of thirty-two pages, chit, authentic Anne Adams styles for adults and children. The newest frocks for afternoon, evening and sports wear, exquisite lingerie, attractive house dress and adorable kiddie models are featured—all personally chosen by Anne Adams and all fashionable, practical and easy and inexpensive to make. Send for your copy. Price of Catalog, Fifteen Cents. Catalog and pattern together twenty-five cents. Address all mail and orders to the Corsicana Daily Sun Pattern Department, 243 West 17th street, New York City.

POWELL

POWELL, Mar. 10.—(Spl.)—H. H. Hawks was a business visitor in Fort Worth Wednesday.

Misses Ellsabeth Calcutt, Julia Kiber, Mabel Kidd, teachers in the Powell school, spent the week-end in their homes in Corsicana.

Tom Ferguson attended business in Corsicana Tuesday morning.

Mrs. Arthur Bush spent Friday here with relatives.

Misses Beatrice and Lida Williams went to see the basketball game in Corsicana Friday night.

Mrs. W. T. Johnston is reported quite sick and her friends hope for her speedy recovery.

Miss Ethel Johnston of Kerens is visiting her parents, Mr. and Mrs. W. T. Johnston.

Miss Dorothy Flagg, teacher here, spent the week-end in Malakoff with her parents.

Miss Helen Killingsworth is visiting friends in Kerens and has been there several days.

Zack Banks is in Fort Worth attending business.

Miss Lella Wright went to see a picture show in Corsicana Friday night.

Mr. and Mrs. Jim Price attended the basketball game in Corsicana Friday night. Mrs. Price stayed over with her sister, Miss Nettie Bonner, for the week-end.

Miss Marnie Fern Stevenson of Kerens spent several days with Mrs. E. P. Breithaupt this week.

Mrs. H. R. Emerson was a Corsicana visitor Friday.

John Christian transacted business in Corsicana Friday.

FROST

FROST, March 10.—(Spl.)—Mr. and Mrs. Sam Gerber motored to Dallas Sunday for the day.

Harold Bruner of Dallas enjoyed Saturday and Sunday with his parents, Mr. and Mrs. R. N. Bruner.

Miss Thelma Brown of Dallas was at home for the week-end.

Mr. and Mrs. Chas. McMichen spent the week-end in Weatherford, guest of Mr. McMichen's parents.

Mr. and Mrs. Jerry Smith and daughter Mildred Ruth accompanied by Mrs. J. B. Fulton and daughter, Margaret of Waxahachie, spent the week-end in Galveston and Houston.

About 84 boys and ladies made a trip to Galveston last Friday to see Old Ironside. The trip was made in Ed Sheppard's big cotton truck.

Mr. and Mrs. Jack Slay and son Jack, Jr. of Hillsboro were guests Sunday of Mr. and Mrs. Charlie Slay.

Miss Polly Anna Eskew spent the week-end with home folks in Arlington. She was accompanied by her room-mate, Miss Mattie Fuller.

Mr. and Mrs. Earl Hightower attended the Fat Stock Show in Fort Worth Sunday.

Chester Strain of Trinity University was at home for the week-end.

Mr. and Mrs. C. A. Anderson and daughter, Miss Edna Earl, and Jo Marie and Misses Mitcham and Ragdale were in Fort Worth Sunday to attend the Fat Stock Show.

Miss Mota Grace Lattimore has returned home from Lyndale, where she had a delightful visit with her sister, Mrs. Bill Fullwood.

Elmer Allen of Rice Institute, Houston was at home for the week-end.

Mr. and Mrs. A. A. Beene of Las Cruces, New Mexico, were guests of friends here Monday.

Mrs. Ellen Keithley and children are visiting in Sweetwater and Big Spring.

Mr. and Mrs. Brownlee Stevenson and children moved to Corsicana Tuesday.

Mrs. Stevenson has a position with McClelland's store. Their many friends here wish them great success.

F. P. McElwath of Corsicana was a business visitor here Tuesday.

Bill Jones and Dick Gaines came home Tuesday from South Texas.

Mr. and Mrs. T. S. Daniels has returned to her home in Kerens.

Mrs. L. E. Gainer returned home Sunday from Teague.

Sun want ads bring results.

PURDON

PURDON, March 10.—(Spl.)—Mrs. W. B. Russell is spending the week in Mart with her sister, Miss Sylvanna Miller of Corsicana spent the week-end with Miss Genevieve Spence.

Several of the children here have whooping cough.

Mr. Skinner and family spent Sunday in Dawson.

N. L. Benson and family of Mexia have moved back to Purdon and opened up a dry goods store. Mr. Benson formerly was in business here but moved to Mexia last year. We are glad to have him come back.

W. H. McCrew was called to Durant, Okla., Wednesday by the death of his aunt.

Miss Addie Boldin spent the week-end with her sister near Dawson.

We wish to correct a mistake in the early part of the week-end. Mrs. J. D. Owens died at Brownwood, and it should have been Mrs. J. D. Murray. We are glad to correct this error.

BRUSHIE PRAIRIE

BRUSHIE PRAIRIE, March 10.—(Spl.)—Mr. and Mrs. Earl Ritter and son, Lloyd, spent Saturday and Sunday with Mr. and Mrs. Wilmer McCulloch of Navarro Mills.

Miss Nadie Raley of Hubbard spent Sunday with Miss Carmel Tegen at Whites.

Floyd Lawrence and R. B. Grantham were Malone visitors Friday.

Miss Willie Caskey is spending the week with Miss Virgie Rene Raley at Whites.

Audie Spain returned to his home in Dallas Saturday, after an extended visit here with his grandparents, Mr. and Mrs. John Ritter, Sr.

Alton Osborne and Walter Watts of Frost, visited Ermon Vest Sunday.

Bates Savage of Malone spent the early part of the week with Floyd Lawrence.

Mr. and Mrs. Ed Berry and children of Alliance Hall, spent Sunday with Mr. and Mrs. Roy Raley.

R. B. Grantham is visiting relatives in Van Alstyne.

Mr. and Mrs. Sam Ballard and daughter visited in Emmett Sunday.

DeARMON

DeARMON, March 10.—(Spl.)—A large crowd from this community attended the singing at Oak Grove Sunday afternoon.

Mrs. Roy Layfield, who has been sick for the past week, is able to be up.

Mrs. N. S. White and son, N. S. Jr., and Mrs. Jess Barnett visited Mrs. C. M. Fitzgerald Monday.

Mr. and Mrs. Rufus Ross visited Mrs. Ross' Parents, Mr. and Mrs. Etick Griggs, Sunday afternoon.

Miss Frances Sprull attended the funeral of Mrs. Clint Baxter of Bazette Monday afternoon.

Mr. and Mrs. N. S. White and family visited Mr. and Mrs. S. E. Hillhouse Thursday night.

Mr. and Mrs. Robert Anderson visited Mr. and Mrs. Rufus Ross Sunday.

Mrs. A. Q. Thornton and Mr. and Mrs. Bud Layfield of Kerens visited Mr. and Mrs. F. P. Layfield Sunday.

Mr. and Mrs. A. Q. Thornton entertained the young people with a singing Sunday night.

Miss Viola McQuary returned home Saturday after a week's visit with her sister, Mrs. Roy Layfield.

CARD OF THANKS

We wish to thank our many friends who were so kind and generous to us in all of our sickness. Thanks to everyone who lent a hand of service in any way. And the children who helped in our crop. We will never forget such friends. We pray the richest blessings on you, one and all.

Mr. and Mrs. J. F. Rhea, Edgar Rhea.

You Can Buy Gasoline At 6 Cents A Gallon

(We don't know where but let's suppose you can) and you can buy gas at 16 cents. The first will deliver misses while the last will deliver miles.

Same with Spring suits and here is a fact you should know...

At less than \$25 you cannot buy the sort of fabric and tailoring that will make your purchase anything but a failure.

INSIST ON QUALITY... especially since quality costs so little.

Two-Trouser Suits \$25 to \$35

CORSICANA, TEX., MAR. 11, 1932

KEEP OUR WATERS CLEAN

Perhaps one of the most difficult tasks confronting the various state is the correction of the water pollution evil. It is a problem presenting many complexities becoming more entangled each year as industry, municipality and individual persist in violating the laws of nature by turning our lakes and streams into dumping grounds for their wastes and sewage.

Henry Ward Baldwin, one of the trustees of the Izaak Walton League of America, says: "America's vast riches have been derived fundamentally from three sources—land, water and wild life. Of these three pure water is the most essential. Without water life can not exist. Nature grants this blessing to favored lands, and man at the most can only regulate in part its distribution. The supply that comes as the greatest gift of God to man is pure and health giving. The responsibility for its proper care rests with us. Nature controls this priceless heritage."

The residents of every state know what water pollution means. In their generation they have seen the cool, sparkling, clear water of their lakes and streams turned into sluggish, filthy-laden sewers. They have watched this menace spread as civilization advanced and often the community health has been endangered by this evil. Fish life has been destroyed and every right of the riparian owner down-stream from the point of pollution has been violated. Science many times has pointed the way to correct this abuse. Industrial wastes, raw sewage and other contaminating refuse can be treated so that whatever liquid residue may reach our watercourses is harmless. It is our bounden duty to banish water pollution.

EDUCATION AND NEWSPAPERS

Representative and reputable American newspapers are educational facilities that have not been properly utilized for the training and instruction of children either in the home or the schools. That is an opinion expressed by Prof. Walter B. Pitkin, of the department of journalism in Columbia University. "No child's education is complete without the newspaper," he says, "for through it the child can secure a vivid, realistic picture of life, the world and its affairs."

Meeting the criticism that much of the news is not suited to reading for the young, Prof. Pitkin says children pass over reports of crime and of the sordid phases of life because they are outside the realm of their experience. But he admonishes that children should not be forbidden to read such news lest their curiosity be stimulated. "The intelligent parents," says Prof. Pitkin's article in the Parents Magazine "have a magnificent opportunity to supplement school training with informal discussion and study of today's important news. It would be an immensely interesting project for parent and child. It remains for such parents to make the most of the educational possibilities of the newspapers."

Not only is Justice Carozo universally admired for judicial learning, but a western editor of a woman's page says he has a pretty head of hair.

JUST FOLKS

NECESSITY
 Be the dinner course and plain,
 Hunger doesn't care,
 It will pass the plate again
 For a double share.
 In the woods where hardships
 reign
 Stew is regal fare!

Needs adds lustre to the friend,
 Whomever he be,
 Faults of him who comes to lend
 None will ever see.
 Who will comfort or defend,
 Glorious is he.

In the time of strife and stress
 Whims are soon forgot,
 Style and pomp and prettiness
 Seem to matter not.
 Friendships in a shabby dress
 Outshine the gaudy lot.
 (Copyright, 1932, Edgar A. Guest)

A PROSAIC PROFESSION

It is the opinion of Dr. Roy Chapmar Andrews, who ought to know, that exploring is not nearly so dangerous an occupation as is sometimes alleged by explorers. He has been twenty years in the business and can remember less than twenty narrow escapes. Compared to the daily and momentary hazards of moving about in New York City he considers this a dull and uneventful record. He claims, in fact that he is scared to death at least once in two weeks while he is living the life of the ordinary citizen at home.

The serious purport of this opinion is contained in Dr. Andrews' statement that "adventures in exploration are a mark of incompetence." The modern scientist sets out toward the world's unknown areas only after long and careful preparation and with equipment to meet all emergencies. He is prepared against cold, heat and hunger and armed against disease and the danger of attack by wild beasts or unfriendly natives. Probably he takes a radio along to keep in touch with civilization, and he is likely to travel by automobile or airplane. He will probably have a pocketful of permits, passports and letters of credit to minimize the difficulties of his expedition.

The bold, bad days of adventuring seem to be passing rapidly away. Exploring has become, says Dr. Andrews, a matter of intensive and exhaustive study rather than peril and excitement. "Hardship and adventures are nuisances to explorers," he says "for good work requires good health and peace of mind." And if all this is true, then it is time to regard with suspicion the terrifying tales of those who go a long way from home principally in order to return and write a book about it.

BUILDERS AND TREES.

In the fruitful processes of Nature there is one vital element which is easy to destroy, and by so doing bring disharmony into the whole course of the seasons. This is the tree, which is helpless before the greed and thoughtlessness of man.

Man cannot change the movement of the earth nor control the rain or the sun, but any child strong enough to wield an ax or saw or jackknife can cut down or kill a tree.

There is lacking precise knowledge of the part the tree plays in climate, water supply and soil supply, but there is a direct connection. Yet anyone with title to land may do as he pleases with the trees thereon.

When lumbermen were slashing away the country's rich heritage of timber the poetic "Woodman, spare that tree!" was pertinent; today it is pertinent to implore "Builder spare that tree."

Builders of homes and highways are reckless with the trees found on the scene of their operations. Those not cut down or uprooted are so cut and bruised by machinery and materials that death is certain. Living trees enhance the value of any residential property, and yet workers will destroy them because they happen to be "in the way."

Highways cannot turn off their course to save some arboreal patriarch, but highway builders are constantly destroying trees that could be moved or otherwise spared and which eventually must be replaced.

What's good for the country is good for the city. In "cop rotation" the big cities are adopting an old principle of farming.

'Amachooors!'

---By Clive Weed

MAKING PEOPLE LIBERAL

Once fanaticism, intolerance and tyranny of conduct and thought were respected and cultivated by society. They were proper and all else in bad taste. Then came a time when they were tolerated and placed in the shadow of doubt.

Today we find them ridiculed, condemned and barred from the more civilized circles. They are deemed incompatible with intelligence and good judgement.

Dr. Nicholas Murray Butler, finds that fanaticism amounted to persecution, and attributes it to the tightly closed minds of those who, despite the Magna Charta, the American constitution and all other great documents of liberty, could not learn what liberalism really meant. His plea is:

"It is the duty of liberals in all political parties of every country to open such minds so that the intolerance of those who possess them will not be used as an argument against us by the opponents of our present social and political system."

Liberalism will not eradicate illiberalism. You cannot make people liberal and tolerant, although most persons can be provoked into intolerance. Tolerance and liberalism are a product of evolution, the new liberals of tomorrow arriving at the state by the same route that the liberals of today have. They "happen" in spite of the fanaticism of fanatics and the closed-mindedness of puritans.

CANADA GETTING ON.

No nation in the world today is making more rapid progress than the Dominion of Canada. Since the World War, Canada has changed from an almost wholly agricultural country to a land of industry. Budding industries have sprung up in the provinces that are beginning to make a respectable showing. With this industrial development there has come an interest in world trade.

The Dominion's export trade now exceeds a billion dollars a year, and it is significant that only a third of that is in raw materials.

Mining is the future industry of Canada. It has unlimited sources of the finer metals and coal, and is developing them at a creditable rate. They represent future prosperity.

These are facts of interest for every citizen of the United States. The Dominion is our best customer in the world market, so her

PROVERBS.

Every old nation has a wealth of proverbs, one Spanish author collecting 25,000 in his mother tongue. Spain, it is believed, possesses the largest store, though the Arabs, Persians, Indians, Chinese and Japanese have unlimited numbers.

This generation may well ask itself sometime if modern Americanese is inventing sentimental phrases that will live on to be known by posterity as American proverbs. Languages are largely known by their proverbs, for they give a language its color.

There are no such things as new proverbs since, like wine, they require aging. The very definition of a proverb, "A short, sententious phrase long current in common speech," shows that age gives the thought its flavor.

Among the best known old sayings are those dealing with sour grapes, looking the gift horse in the mouth, the prophet honored elsewhere than at home, haste and waste, honesty and policy, a bird in the hand, and Rome was not built in a day.

In Sterne's "Sentimental Journey" occurs one of the most beautiful phrases in the English language which illustrates the ancient sources of the proverbs. That phrase, "God tempers the wind to the shorn lamb," was not original with Sterne. George Herbert, a writer, picked it up about 1640 from a sixteenth century proverb of the French, who, in turn, got it from the Latin. Before it appeared in Latin it way have been known to the orientals.

prosperity is our prosperity. Moreover we feel a kindly regard and neighborly pride and sympathy for our neighbor to the North.

Europe would find such feeling uncomprehensible. Over there a growing, prospering country is looked upon with envy and misgivings by all its neighbors. To them it constitutes a threat which must be eradicated at all costs, usually by war. Such thoughts are wholly foreign to North Americans, which explains the century plus peace along the international boundary.

There is to be little change in trousers this spring, says a fashion writer, who evidently expects the anti-hoarding drive to go over with a bang.

The month's award for succinct description goes to Variety for a review of a mystery melodrama, "Plenty of boo in this new thriller."

CHANGING COLLEGE CUSTOMS

American college and university men and women view with regret the passing of many of the traditional ceremonies and customs of college days. They may preach the advantages of high scholarship to undergraduates and deplore the general overemphasis of athletics, but it seems to the most sober-minded of them that to abandon any of the inter-class affairs and class ceremonies is to destroy some of the most cherished traditions of the old Alma Mater.

Fence rushes, cap burnings, maypoles, flag rushes, tug-o-wars and other pleasantries and exchanges between freshmen and sophomores have long constituted an integral part of the campus scene at virtually every college in the land, with the possible exception of Harvard, where such "juvenile foolishness" has never obtained but where private enterprise on the part of undergraduates has annually inaugurated minor breaches of the academic peace. Even the larger urban universities have long boasted of a fierce rivalry between members of the lower classes.

Interclass violence is going the way of hazing and horse-play in fraternity initiations. Society has brought pressure to bear upon them because of shocking accidents and destructive riots.

A less intolerant outside world is exerting a civilizing influence upon the campus, which the college man, in spite of his boasted unconventionality and freedom dare not oppose.

A new flower, discovered in Central Africa, is to be called Niffidoophantissianthum. We hope not to have to refer to this again.

Japan is getting as flip with the neighbors as if she intended to pack up the end of the month and move to another solar system.

What is called "skyrocketing" now in Wall Street circles means some security has nearly reached the top of the well.

Scarcity of parking space may account for the fact that 72 per cent of the American people suffer from eye strain.

One way of indefinitely postponing the millennium is to require its confirmation by the senate.

Japan's is believed to be one of the earliest cases of spring fever in medical annals.

HOUSE IS NOTIFIED OF PLAN TO PERMIT AND TAX 2.75 BEER

THREE DEMOCRATS WAYS AND MEANS COMMITTEE BACKING NEW SCHEME

WASHINGTON, March 8.—(P)—The house received notice of the impending dispute over allowing 2.75 beer and taxing it heavily, as a means of raising revenue to replace certain sections of the bipartisan \$1,086,000,000 tax bill. Three members of the ways and means committee, which drafted the measure, joined in the move.—Representative Cullen and Sullivan of New York, and McCormack, of Massachusetts, all democrats. Their views form a part of the report on the bill submitted to the house by Acting Chairman Crisp, of the committee. The bill report is not to be made public until tomorrow.

"After having heard and considered the evidence and all of the proposals for raising revenue for the federal government," they said, we "favor the imposition of a revenue of \$5 per barrel on beer of an alcoholic content of 2.75 per cent by weight, or such other method of imposing a tax as will bring into the treasury revenue conservatively estimated as amounting to \$350,000,000."

The three wrote: "The committee has recognized officially the existence of bootlegging by providing for a tax on malt syrup (used in the manufacture of illegal beer): by imposing a tax of 35 cents per gallon there, estimated to raise \$115,000,000 by a tax on wort, which, with the use of yeast becomes illegal beer, estimated to raise \$34,000,000, and also by a tax of 40 per cent ad valorem on concentrated grape juice, which easily ferments into wine, estimated revenue being uncertain. "The federal government thereby undertakes to tax an illegal business. While it is true that the commodity tax is not illegal at its source, the tax is being imposed because it is recognized that its extensive use is for illegal purposes."

"The tax is being imposed because of the ultimate illegal use of the product. The practical effect is to tax an illegal business. By taxing the illegal business we raise approximately \$50,000,000 and in all probabilities some substitutes will be found to avert the tax, by making the same illegal business legal, we can honorably and morally raise \$350,000,000."

The three also urged consideration of the economic features of the amendment.

WASHINGTON, March 8.—(P)—The formal report of the ways and means committee on the new \$1,086,000,000 revenue bill was submitted to the house today by Acting Chairman Crisp with the announcement it would not be made public until tomorrow.

The Georgia democrat also informed the house consideration of the privileged legislation would begin Thursday. The report, he said, would acquaint congress and the people with every phase of the measure.

FORMER NAVARRO COUNTY MAN WAS BURIED ARKANSAS

Funeral services for Leroy French, aged about 30 years, former resident of Navarro county, who was fatally shot by another man in Sheridan, Arkansas, Sunday afternoon, were held at Sheridan Tuesday afternoon where interment was made. No particulars of the shooting were available here except that French was shot several times.

Surviving at his mother, Mrs. E. F. French who resides west of Corsicana, three brothers and two sisters.

FUNERAL SERVICES FOR J. E. MIKELL HELD ON TUESDAY

Funeral services for J. E. Mikell, aged 75 years, native of Florida but resident of Navarro county 50 years, who died here Monday morning at 10 o'clock, were held from the family home, 314 North Fourteenth street, Tuesday afternoon at 2 o'clock with interment in the Grape Creek cemetery. The services were conducted by Rev. J. W. Bergin, pastor of the First Methodist church. Mr. Mikell had been in ill health for several years.

Surviving are his wife, a son, J. Bunyon Mikell, Corsicana; four daughters, Mrs. Sam Marsh, Navarro; Mrs. R. H. Smith, Navarro; Mrs. Fred Wood, Palestine, and Miss Kathleen Mikell, Corsicana; a brother, H. W. Mikell, Navarro, and a sister, Mrs. Dollie Bryan, Arlington.

Song—Devotional—Pett's Chapel. Welcome—Rice. Response—Corsicana. When and Where Should Christian Education Begin?—Navarro. Why Have a Christian College?—Streetman. Song—Pett's Chapel. Address—B. J. Albritton. Noon. Song. Devotional—Phillip's Chapel. Our Duties or Obligations Toward Jacksonville College—Corsicana. Business. Offering for Jacksonville College.

PROGRAM COMMITTEE.

MEXIA TRAINING SCHOOL. MEXIA, March 9.—(Spl.)—Miss Grace Conn of Dallas is leading a training school for teachers and leaders of the B. T. S. of the first Baptist church. Miss Conn teaches the adult course, while local teachers are given charge of the other courses.

EXTENT OF DAMAGE BY PRESENT FREEZE NOT YET DETERMINED

Official weather forecasts indicate a continuation of the present cold snap which has been holding on since last Friday night, when a norther, accompanied by a heavy rain, blew up. Below freezing—temperatures have been recorded four nights in succession and the thermometer at the Daily Sun office stood below freezing until noon Tuesday.

There was some sleet Monday night and a light rain froze as it fell, covering the trees with ice for the first time this year. It is not known whether or not fruit has been damaged by the freeze and it will probably be several days before the extent of the damage, if any, can be told. Farm work has been delayed by the rains but no damage has been done to oats or other grains that have been planted. Some gardens have been damaged, but not greatly.

The high and low readings for the 24 hour period ending at 7 o'clock Tuesday morning were 39 and 28.

Sun want ads bring results.

PACIFIC MANEUVERS ON BIG SCALE ARE UNDER WAY AGAIN

BLACK FLEET WILL ENDEAV- OR TO DEFEND AMERI- CAN COAST LINE

By CAPT. C. M. AUSTIN
(Assistant Chief of Staff,
U. S. S. CALIFORNIA, At Sea,
March 10.—(P)—If the word that
reaches us is correct, Vice Admiral
A. L. Willard and his Black
fleet at sea today to defend
the Pacific coast line of America
against attack in the maneuvers
of Problem 13.

Some of his ships are on the
southern line. Others are hurrying
to their stations. They want
to find Admiral Richard Leigh's
Blue fleet long before we can
reach the Pacific coast. Time
counts.

To get some idea of the magni-
tude of that task, draw a triangle
embracing Honolulu, Puget Sound
and San Diego. That covers an
area of approximately 1,380,000
square miles.

As though that were not enough,
the Blue fleet in its execution of
the navy's greatest peace-time
maneuver has no fixed time of
arrival and can detour as much
as it pleases.

However, if Black's submarines,
which presumably have been lo-
cated off Lahaina Roads, can
hang on to our formation and
keep talking about it the problem
largely is solved.

But if this does not occur, how
does Black stand? He will be
neither hopeless nor helpless. He
has seven of the new 10,000 ton
6-inch gun cruisers, four of the
6-inch variety, 28 destroyers, two
airplane carriers, 16 miscellaneous
ships and 17 short range sub-
marines.

If you will draw a line
across your triangle 200 miles
from land and place those 67
ships, less the submarines, equal-
ly distant, about 18 miles, you
will have one solution of Black's
scouting problem, although a poor
one. It is helped somewhat by
the fact that the Black ships
carry 172 planes ready for use.

CREW IS FINALLY ABLE TO ABANDON RUDDERLESS SHIP

THIRTY-FOUR SEAMEN TAKEN ABOARD FREIGHTER; BELIEVE SHIP DOOMED

ABOARD COAST GUARD CUT-
TER OSSISPEE, March 10.—(P)—
Abandoned by her crew after three
days of intense hardship, the dis-
abled collier H. F. DeBardeleben
wallowed forlornly today on the
storm-tossed Atlantic 600 miles
east of New York.

During a temporary lull in the
gale of the past several days the
collier's crew of 34 took to their
boats shortly after midnight and
were picked up, uninjured, by a
freighter.

The Osispee stood by, waiting
for a chance to put a line aboard,
although the collier's crew, seen
aboard the British freighter Lag-
anbank, reported they did not be-
lieve their vessel could be saved.

The Osispee was the first coast
guard vessel to reach the scene.
She relieved the Laganbank, which
in turn had relieved the White
Star liner Adriatic last night. And
allowed the latter to proceed to
New York with her passengers after
a two-day vigil beside the
stricken collier.

Seldom have conditions combin-
ed to place men at sea in such
peril as the crew of the DeBardele-
ben found themselves when use
of the rudder was lost shortly af-
ter noon Monday. Until a lull in
the storm at 2 a. m. today, when
they were able to lower their
boats, danger had hung over them
like a knife. The collier was
light and potentially unmanageable
in a blow.

For three days the collier ran
before the gale, her skipper,
Captain Knight, not daring to shut
down his engines lest he broach
to and be smothered by the mount-
ing seas. The driving force
of the gale and her own engines
sent her along at an eight knot
clip and boats could not be low-
ered.

COMFORT
for COLICKY BABIES
... THROUGH CASTORIA'S
GENTLE REGULATION

The best way to prevent colic,
doctors say, is to avoid gas in stomach
and bowels by keeping the entire
intestinal tract open, free from waste.
But remember this: a tiny baby's
tender little organs cannot stand
harsh treatment. They must be
gently urged. This is just the time
Castoria can help most. Castoria,
you know, is made specially for babies
and children. It is a pure vegetable
preparation, perfectly harmless. It
contains no harsh drugs, no narcotics.
For years it has helped mothers
through trying times with colicky
babies and children suffering with
digestive upsets, colds and fever.
Keep genuine Castoria on hand, with
the name:

Castoria

Courthouse News

District Court
The jury was deliberating Thurs-
day morning on the case of Mrs.
Orrie E. Simmons vs. C. P. Ray,
administrator, to try title.

County Court
A white woman was adjudged
to be of unsound mind in the
county court Thursday morning.
Luther Kelley, Stanley Woodray
and Lee Alexander entered pleas
of guilty to theft charges in the coun-
ty court Wednesday and were
fined \$5 and costs by Judge Clay
Nash.

Warranty Deed
Melita Knox Fendley, et vir, to
Corisiana National Farm Loan as-
sociation, 50 acres of the Pedro
Quero survey, \$5 and other consid-
erations.

Sheriff's Office
A 1930 Ford automobile belong-
ing to J. T. Cavender was
reported stolen from the Estes
grocery store near Corsicana high
school Thursday morning. Deputy
Sheriff Jack Floyd started in pur-
suit of the car thieves who drove
south of Highway 75 but was
forced to give up the pursuit by a
flat tire.

A Ford coupe belonging to Will
Beck of Frost, stolen Tuesday
night, was recovered Wednesday
afternoon. The sheriff's de-
partment three miles east of Cor-
sicana.

Justice Court
Three men were sent to the
county jail Wednesday on
charges of theft by Judge J. L.
Cox.

CLEM CALHOUN IS CANDIDATE STATE ATTORNEY GENERAL

**DECLARES WOULD RESTORE
OFFICE TO THE PLACE IT
FORMERLY OCCUPIED**

AMARILLO, Mar. 10.—(P)—Clem
Calhoun, formerly district attorney
at Borger in 1929 during the
stormy days in the oil boom town
which followed the assassination of
District Attorney John A. Holmes
and the declaration of martial law
there by Governor Dan Moody, an-
nounced today his candidacy for
the democratic nomination for at-
torney general.

"I do this believing that this
great and powerful office should be
restored to the place it for-
merly occupied," he declared in his
announcement, "and which the
constitution intends that it should
occupy as the law office of the
state government, where an en-
tire citizenship, whether rich or
poor or otherwise can receive fair
and just treatment according to
the laws of the state and the
duties of the office.

"This office should not be used
as a political football; neither
should it be a stepping stone to
some other state office. The duties
of this office should be perform-
ed efficiently and impartially and
the laws of the state enforced in
such a way as to promote the
general welfare of the people.

"I shall make as active a cam-
paign as possible and during this
progress I shall discuss such ques-
tions as may seem pertinent. At
the outset, however, I will say
that if elected this this office, I
shall not become a candidate for
any other office while occupying it
or during the period for which
I am elected."

Calhoun was born in Grayson
county, the son of Mr. and Mrs.
Erwin Calhoun, pioneer settlers. He
was graduated from Austin college
at Sherman, later attending
University of Texas law school. He
began practice at Pecos and was
elected county attorney of Reeves
county in 1920. He moved to El
Paso and was appointed assistant
district attorney. He returned to
private practice in July, 1923, at
Hamlin, when in 1925 was appoint-
ed by Governor Miriam A. Fergu-
son as district attorney of the 39th
judicial district, where he resided
there until 1927 when the 104th
district court was created, com-
posed of Jones, Fisher and Taylor
counties. He was appointed in the
new district and moved to Abilene
place at Borger. He took Holmes'
place at Borger. He was appointed
district attorney in 1930 and
since has resided there.

BANKERS BEGINNING TO LOOK ABOUT FOR GOOD SECURITIES

NEW YORK, March 10.—(P)—
For the first time in nearly a
year, Wall street bankers who
specialize in state and municipal
financing are beginning to dust
off long-shelved financing pro-
jects to see if some of them
might soon be offered for public
investment subscription.

Several executives have said
they are waiting a favorable op-
portunity to undertake new fi-
nancing, partly because they would
like to engage in active under-
writing work again and because
they would like in that way to
answer critics who have accused
them of being skinflints because
of their refusal to loan money
freely to states and cities now.

The public market for munici-
pal bonds has materially strength-
ened this week. Investors, who
for months have been chary of
buying any but the primost of
municipal bonds, have shown an
inclination to purchase bonds now.

One of the most important in-
fluences causing better investment
feeling, leading executives assert,
is the distinct turn toward gov-
ernmental economy.

So far this year, financing for
states and cities has aggregated
\$180,000,000, a large portion being
made up of short term notes,
owing to the lack of a good mar-
ket for bonds.

TWO WOMEN PLAY IMPORTANT PARTS BANK ROBBERIES

**ONE GAVE ALARM IN ONE
ROBBERY WHILE ANOTHER
AIDED IN SECOND**

MILL CREEK, Okla., March 10.
—(P)—Women played leading roles
in two Oklahoma bank robberies
yesterday, one giving the alarm
which resulted in the shooting of
three bandits here and the other
aiding two men to escape with
\$3,200 from the Exchange Bank of
Sklatook, 20 miles north of Tulsa.

When Mrs. Vivian Dye, assistant
cashier of the Mill Creek State
Bank, saw two men walk past the
bank twice, she had a "hunch"
they planned a holdup. So, when
they entered, Cashier C. E. Pen-
ner sounded the alarm calling Mill
Creek's vigilantes.

Scooping in \$700, the two rob-
bers ordered Mrs. Dye, Penner and
Paul Sparks, bookkeeper, to accom-
pany them, but the three dashed
into the vault and slammed the
door as one of the robbers fired.
The vigilantes opened fire and the
two men fled into the street. Fred
Hammer, former Wewoka deputy
sheriff under five-year sentence
for automobile larceny from which
he had escaped, was killed. Luther
C. Smalley of Seminole, was
critically wounded.

Adam Ritchie, who had waited
in an automobile, sped away in a
rain of bullets. He was wound-
ed and captured shortly afterwards
without resistance.

At Sklatook, a woman waited in
an automobile while her two com-
panions entered the bank and, af-
ter locking one employee and a
customer in the vault, fled toward
Tulsa. The two were released
when the cashier returned from
lunch.

Funeral Thursday For Wayne Davis Of San Antonio

SAN ANTONIO, March 10.—(P)—
Brief funeral services for Wayne
Davis, San Antonio attorney and
American Legion leader, were held
today at the home here before the
body was sent to Gold for burial.
Davis died at his home here
Tuesday after a brief illness.

A funeral marked by military
honors will be given him at Gold-
land where he was born and lived
until 1922. An escort of honor will
be drawn from the 141st Infantry,
Texas National Guard, of which
Davis was lieutenant colonel. Chas.
M. Ashmore of Austin, chaplain
of the 141st Infantry, Texas Na-
tional Guard, will officiate.

Mother of 7—Still Young

THE woman who gives her
organs the right stimulant
need not worry about growing old.
Her system doesn't stagnate; her
face doesn't age. She has the health
and "pep" that come from a lively
liver and strong, active bowels.

When you're sluggish and the
system needs help, don't take a lot
of "patent medicines." There's a
famous doctor's prescription for
just such cases, and every druggist
keeps this standard preparation. It
is made from fresh laxative herbs,
active senna, and pure pepsin. Just
ask for Dr. Caldwell's syrup pepsin.
Take a little every day or so, until
every organ in your body feels the
big improvement.

The next time you have a bilious
headache, or feel all bound-up, take
this delicious syrup instead of the

High Officials Of New Manchuria State Installed Thursday

CHANGCHUN, Manchuria, Mar.
10.—(P)—High officials of the gov-
ernment of the new Manchurian
federated state were installed in
office this afternoon in the pres-
ence of Henry Pu-Yi, inaugurated
yesterday as dictator of the new
regime.

Chang Ching-Hui became pres-
ident of the privy council, and
Cheng Hsiao-Hsu, Henry Pu-Yi's
old tutor and lifelong retainer, be-
came premier.

ITALY'S WAR-TIME PREMIER DIED TODAY AT AN ADVANCED AGE

ROME, Mar. 10.—(P)—Paolo Bo-
selli, war-time premier of Italy,
died today at the age of 93. Death
resulted from influenza.

He was prime minister in 1916
and 1917 but was forced out as a
result of the Italian defeat at
Caporetto in October, 1917.

In 1916 when the army was
fighting in the Alps, with the
United States not yet a participant
in the war, he told a newspaper
man that anything the Americans
do cannot be other than friendly
to Italy, because we are fighting
for the same principles.

When Italy heard of President
Wilson's war message to congress
the following year he referred to
it in the parliament as "the great-
est democracy in the world speak-
ing nobly through the message of
a great president."

When the defeat of Caporetto
forced him out of office, he re-
mained in the background of pol-
itics, continuing to help his suc-
cessor as best he could.

Alleged Bomber Believed Cleared Federal Suspicion

CHICAGO, March 10.—(P)—Fed-
eral authorities have announced
they were satisfied Colombo Boeri,
alias Boeri, has nothing to do
with a national bomb death plot
against prominent fascists in
America and Italian government
officials in which two postoffice
clerks and a dynamite expert were
killed at Easton, Pa., in Decem-
ber.

Boeri was arrested Tuesday and
Murray W. Garson, special assist-
ant to the secretary of labor, said
at the time he was satisfied Boeri
was the man responsible for the
plot. Last night post office in-
spectors said they believed Boeri
was innocent.

Authorities said the department
of labor probably would institute
deportation proceedings against
Boeri, who was held under \$100,-
000 bond.

PROMINENT FROST PHYSICIAN PASSED AWAY SUDDENLY

FROST, March 10.—(Spl)—Dr.
H. H. Stephenson, aged 55, died
suddenly Wednesday afternoon at
4:20 while conducting a medical
examination of Joyce Matlock
for a life insurance policy, in
his office. Funeral services will
be held Friday morning at 10
o'clock at the Methodist church
and will be conducted by the
pastor, Rev. A. C. Haynes. Burial
will be in the Frost cemetery.
Masons will have charge of the
services at the grave.

Dr. Stephenson was active in
social, lodge and church circles
of the city and had been a prac-
ticing physician here about 12
years. He was a pioneer resident
of this section of the county hav-
ing practiced at Emmett and
Irene before coming here.

He was a member of the Meth-
odist church, Masonic lodge,
president of the board of educa-
tion and was prominent in all
affairs for the advancement of
the community.

Surviving are three daughters,
Mrs. Noel Hollingsworth, Dallas;
Mrs. Morris Keathley, Dallas;
Mrs. Max Shelby, Hillsboro and
one son, H. H. Stephenson, Jr.,
Mexico.

Seek Damages After Alleged Rail Buying Agreement Fails

ST. LOUIS, March 10.—(P)—
Charging the New Orleans, Texas
and Mexico Railway company
failed to fulfill terms of a con-
tract to purchase for \$337,500 all
the capital stock of the Rio
Grande and Eagle Pass Railway
company of Texas, Charles B.
Wright of Philadelphia and the
Fidelity-Philadelphia Trust com-
pany filed suit in federal court
here yesterday for \$337,500 dam-
ages against the former company.
The plaintiffs seek \$25,000 for
losses incurred in operation of
the Texas railroad after failure to
carry out the alleged contract.

MORE CHEERFUL BUSINESS OUTLOOK FELT IN NATION

WASHINGTON, March 10.—(P)—
A more cheerful feeling through-
out the nation regarding business
is discerned by Secretary Mills as
a result of the reconstruction fi-
nance corporation and the Glas-
teagal act.

The treasury department head
told newspaper men today he felt
the reconstruction program was
causing a more optimistic outlook
and proving beneficial.

Regulations putting into effect
the Glass-Steagall bill to liberalize
the federal reserve rediscout fac-
ilities have not yet been issued.
Mills believes, however, the fact
that they are to be announced has
resulted already in improvement
in banking conditions.

Captain of River Boat Still Held By Chinese Bandits

PEIPING, March 10.—(P)—Ban-
dits who have been holding Cap-
tain Charles Baker of California
since they captured him off his
river boat on the upper Yangtze
Jan. 16 have made a new demand
for 40,000 silver dollars ransom,
it was reported today.

The report came from a Chinese
naval vessel which said it was in
touch with the bandits. The ran-
som money must be paid within
two weeks, the bandits said.

Facts About Used Cars

Used cars can be bought at prices of from nothing up to the
cost of new cars. But real value in a Used Car exists only
when many things are taken into consideration:

The cost of a set of tires.
The cost of a battery.
The cost of a motor overhaul.
The cost of a paint job.
The cost of reconditioning an old body.
The cost of reconditioning or covering the upholstery.
The cost of a new top.
The cost of overhauling many component parts, i. e., the
clutch, the transmission, the rear end, the steer-
ing assembly, the radiator, the lighting system,
the starter generator, etc.

Often times a car of late model may need so many of these
things that it has very little or no value.

We ask you to inspect our cars, examine their mechanical
performance, check their appearance inside and out, and you
will see that we are offering greater value than can be ob-
tained elsewhere.

Visit our showroom, select the car you like and we will trade
with you on an equitable basis.

1930 CHEVROLET SPECIAL SEDAN

Six wire wheels, new set of tires, Handsome Maroon
Duco finish. The like new appearance and excellent
mechanical condition of this car will satisfy the most
critical buyer. Only \$420.00

COMMITTEE VOTES DESIGNATE PLACES IN CONGRESS RACE

ASPIRANTS FOR CONGRESS MAN-AT-LARGE TO RUN FOR PLACES ONE, TWO, THREE

By J. H. WEAR.
(Associated Press Staff Writer.)
FORT WORTH, March 9.—(P)—The democratic state executive committee renewed its stand for a "united party" in Texas today, adopting unanimously a resolution to require all persons participating in precinct conventions to pledge their support of the party nominees for president and vice-president. The resolution was offered by Charles I. Francis of Wichita Falls. The committee was expected to choose Houston as the site for the state presidential convention May 24, to elect delegates to the national convention in Chicago. Additional proxies were accepted soon after the meeting was resumed. John T. Jones of Houston appeared for John A. Guinn of Colorado, elected at the morning session, to succeed the late Frank Guinn of Rusk; M. Hughes of Dallas for A. H. Eubanks of McKinney; Mayor Walter H. H. H. of Houston for H. H. H. of Houston; and Brig. General Jacob P. Walters of Houston for J. R. Farmer of Richmond.

BY J. H. WEAR.
(Associated Press Staff Writer.)
FORT WORTH, March 9.—(P)—The democratic state executive committee today voted to designate places one, two and three on the July primary ballot for candidates for congressman-at-large. The committee vote was 20 to 1.

Albert Sidney Johnson, secretary of the committee, said he had been advised by several candidates that, regardless of whether the committee took this action or voted to permit to run for congressmen-at-large, a "free for all" campaign, a mandamus action would be filed before the state supreme court to compel the committee to certify the candidates in the July primary. Committee members agreed that such procedure to obtain a court ruling would preclude the possibility of an election error that might cost the Texas democratic party the three additional seats in congress allowed Texas by the 1930 census apportionment. The resolution was offered by Charles I. Francis of Wichita Falls. It was adopted by the committee and voted 17 to 3 against a substitute resolution offered by Dayton Moses of Fort Worth, proxy for J. R. Fuchs of New Braunfels. The Moses resolution would have directed the committee to certify the six highest candidates in the July primary for the ballot in the August runoff primary, and the three highest in the runoff-off as party nominees in the November election.

The Francis resolution, as adopted, committed the party's executive committee to certify the two highest candidates for each place from the July primary in the August runoff and each of the three candidates receiving a majority of votes for their respective places in the November election. Will Accept Citation. Members of the committee voted to waive service and accept citation if a mandamus action were brought to the state supreme court, so as to expedite the matter and obtain a ruling promptly on the legality of procedure adopted. R. J. Edwards of Denton argued that the committee should consider the mandamus action as a man-at-large as one unit, and that the committee had no precedent or legal authority to designate places.

A. C. Baldwin of Austin, proxy for Frank W. Hill, called for a "man can't run for all three places, he can run only for one and the only logical thing the committee can do is to designate places."

Opposes Restriction. Steve J. Pinckney of Houston, proxy for J. E. Embree of Brenham, likewise opposed restriction of the race to places, arguing that the state supreme court would not uphold the restriction, nor the legislature had the right to prescribe the manner in which a party might nominate its candidates, being concerned only as to whether fraud had entered into the process.

Jewett P. Lightfoot of Fort Worth, appearing as spokesman for F. O. Fuller, who had applied to the committee for place number one, called the ballot, told the committee Fuller had authorized him to advise the committee he would file a mandamus plea before the state supreme court tomorrow if the committee did not certify him for that place. Committee Named. The committee named a sub-committee, composed of Clinton G. Brown of San Antonio, chairman; W. E. Embree of Brenham; and J. E. Embree of Brenham, to handle any legal matters which might arise in connection with the race for congressman-at-large. John B. Guinn of Jacksonville was elected to membership on the committee for state senatorial district number three, in the place of Frank B. Guinn, who died recently. Chairman W. O. Huggins named a committee composed of D. F. Bradley of Hillville, Charles I. Francis of Wichita Falls, and W. R. Montgomery of Edinburg to draft a resolution in memory of Frank B. Guinn to be presented at the afternoon session.

A decision on selection of a city for holding the state presidential convention May 24, when delegates to the national convention will be chosen, and for holding the September convention to choose party nominees for state offices was left for discussion at the afternoon session.

AGRICULTURAL LOAN AGENT PRESENTS REQUIREMENTS ON MAKING NEW SEED-FEED LOANS

CORSICANA HIGH SCHOOL LIBRARY IS MOST MODERN

VALUABLE ADDITIONS AND A TRAINED LIBRARIAN RAISES STANDARD

From \$700,000 to \$15,000,000 will be loaned Texas farmers through the regional agricultural loan office, the \$2,000,000 Reconstruction Finance Corporation building the next 60 days, it is predicted by Owen W. Sherrill, regional manager for Texas, New Mexico and Arizona, with headquarters in Dallas.

These millions, it is explained by Mr. Sherrill, will be gradually spent within local trade territory for crop production purposes and will be widely circulating, proving a genuine stimulant to all lines of business.

All applications for loans must be made through the county loan committees in which the land is located, or through their sub-committees. County committees have the privilege of designating sub-committees in trade centers throughout counties to serve farmers in distant points.

The following is a general presentation of the provisions of the new loan act relating to the granting of crop production loans.

1—Security: Absolute first lien on entire 1932 crop.

2—Limit to individual farmer: \$400.00.

3—Limit to all tenants in single county of one landlord, \$1600.

4—Loans will not be made to applicants planting cotton in excess of 65 acres in 1932. This does not apply to applicants planting 10 acres or less of cotton.

5—Loans will not be made to farmers who are unable to operate a farm in 1931, nor to persons having a means of livelihood other than farming.

6—Loans will only be made to "farmers who are unable to obtain loans for crop production in 1932" from other sources.

7—Proceeds of loan may be used only for crop production purposes and shall not be used to purchase machinery, stock, nor to pay taxes, debts, etc.

8—Loans will not be made for a total acreage of crops in excess of the average acreage planted in 1930 and 1931.

9—Maximum loan for field crops in counties where fertilizer is not essential, \$3 per acre. Of the \$3 maximum, \$1 may be used to purchase fertilizer, \$1 for seed, and \$1 for other purposes.

10—In addition to allowance for seed, feed or fuel, and miscellaneous expense, in counties where fertilizer is essential, \$3 per acre may be added for the purchase of fertilizer for field crops. In case of truck crops, including potatoes and sweet potatoes, maximum allowance for seed, feed or fuel, for tractors, miscellaneous expense, and for fertilizer, is \$20 per acre.

11—In addition to seed, feed or fuel, miscellaneous expenses and fertilizer, an allowance of \$2 per acre may be allowed for purchase of cotton, however, this allowance is available only in counties in which spraying or dusting has been a regular practice. This allowance is \$4 per acre for truck crops in these sections in which spraying and dusting is absolutely necessary.

12—The allowance for fertilizer and spraying and dusting material is \$25 per acre.

13—Applicant must agree to plant a garden sufficient for home use.

14—Applicant must agree to plant sufficient acreage of feed to take care of his livestock.

15—Applications for loans must be made before April 30, 1932.

16—All loans must be made before May 1, 1932.

17—Rate of interest is 5-12 percent per annum.

18—Advances may be made in installments which may be discontinued if money is not used for the purpose for which it was borrowed.

19—Application blanks for loans may be obtained from the county committees and other agencies designated by the county committees.

the supreme court decision in the case brought by former Senator Thomas B. Love held that the committee could not require of candidates a pledge to support the party ticket in full but did not define the power of the committee to judge the qualifications of candidates or the manner in which they should be nominated.

Committee Present. "I think we undertake our own powers fairly," he added. Committee members present when the meeting convened were: J. J. Wheeler, Texas; M. T. Bell, proxy for Will E. Orgain of Beaumont; F. Standley, Huntsville; Amos C. Campbell, Fort Worth; C. Owens, proxy for Carl Ester of Tyler; Cecil Murphy, Gainesville; Carr P. Collins, Dallas; H. C. Custard, Cleburne; O. L. Kidd, Cameron; J. E. Pinckney, Houston; proxy for J. R. Fuchs of New Braunfels; A. C. Baldwin, Austin, proxy for Frank W. Hill of Austin; R. J. Edwards, Denton; Charles I. Francis, Wichita Falls; J. E. Embree, Brenham; W. R. Montgomery of Edinburg; Ed A. Sterley, Fort Worth; W. B. Boggs, proxy for W. B. Abbey of Del Rio; G. E. Hamilton, Hico; and Ernest O. Thompson, mayor of Abilene, proxy for R. E. Underwood.

Those absent were W. C. Hurst, Longview; W. H. P. Anderson, Paris; Pat Hoyt of Gatesville and Lee Prigler, Eden.

Automobile Used By Robbers of Kentucky Bank Is Located

PAINTSVILLE, Ky., Mar. 10.—(P)—The automobile used by the men who robbed the Paintsville National bank of \$47,800 yesterday was found 20 miles from the hills today and poses left in an effort to overtake the men.

BLAST AT CAMDEN PUBLIC SERVICE CO. PLANT KILLS MANY

EXPLOSION OCCURRED IN PURIFYING BOX AT NEW JERSEY PLANT TODAY

CAMDEN, N. J., Mar. 9.—(P)—An official of the Public Service Electric and Gas Co., said that 14 workmen were killed by the explosion in the purifying box at the company's plant here today. Four were injured, and two men were seriously, and one man was killed.

Residents for blocks were shaken by the explosion, a mile from the central city area.

The scene was made harrowing by cries of relatives of the doomed men. Police roped off the streets a block from the gas tank.

The explosion was caused by a spark, either the result of a blow on the metal inner shell of the from a lighter, or a spark from a fire.

A tremendous roar announced the accident while practically the entire force of workmen, many of them carrying the gas, were in the tanks.

A fierce, torchlike flame which followed was speedily extinguished by the firemen and then the gas within the chambers was begun.

Outwardly the tank showed no signs of the explosion. It is a square steel structure, 20 by 20 feet and 15 feet deep, raised from 100 to 120 feet by steel girders 13 feet in height.

The girth wagon which took the four injured men to the Cooper Hospital, collided with an automobile, injuring the motorist. He also was taken to the hospital.

COURTHOUSE NEWS.

District Court.

The trial of the case of Mrs. O. H. Simmons vs. C. P. Ray, administrator, to try title, was still in process in the district court Wednesday morning.

The temporary injunction was granted by District Judge Hawkins Scarborough Wednesday morning in the case of I. O. Hodges vs. B. T. Austin, et al., restraining and enjoining the defendants from disposing of any and all stock in the Whale Oil Corporation of Texas and 10 acres lease in Gregg county, Texas, or receiving dividends from said property.

The following cases were filed: Roy Earl Morrison vs. Ada Ruth Morrison, divorce.

I. O. Hodges vs. B. T. Austin, et al., injunction.

I. O. Hodges vs. Sam Root, et al., to try title for five shares of stock in Whale Oil Corporation of Texas and for the delivery of a certificate of title to same.

Marriage License. Richard E. McCut and Aline Chambers.

Warranty Deed. J. A. Pike, et al., to Oscar Pike, 67th Street in 121.21 acre of the Jeromeville survey, \$7,797.18.

Sheriff's Deed. Rufus Pevehouse, sheriff of Navarro county, Texas, for W. A. Headspeth, et al., to McCammon and Lang Lumber company, lots 6, 7, and 8, Block 74, H. and T. C. R. R. Co., addition, Corsicana, \$150.00.

Justice Court. A man was fined in Judge S. B. Jordan's court Tuesday on a charge of the alleged violation of the State highway laws. The arrest was made by State highway patrolmen stationed here. The man was charged with operating an automobile with license plates issued for another car.

GARDENS KILLED.

FERRILL, March 10.—(Spl.)—Farmers in town Wednesday reported gardens all killed by frosts this week and oats that were up damaged. Farming was already far behind the usual condition and this will delay it several days more.

FOUR DEAD, SCORES INJURED AS RESULT UNEMPLOYMENT RIOT

SEVERAL MEMBERS MARCHED ON FORD PLANT MONDAY HELD IN JAIL

DETROIT, March 8.—(P)—The Detroit area today counted the cost of its first major unemployment riot since changing conditions threw thousands of residents out of work.

In the morning, in jail and in hospitals were victims of the riot, which broke out yesterday when unemployed demonstrators marched on the plant of the Ford Motor company in Dearborn.

Four men, marchers or bystanders, were shot to death and several scores of persons—including Harry H. Bennett, chief of the Ford service department (private police), and eight other officers—were injured before the demonstrators, earlier victorious over a smaller number of Dearborn police, were repulsed at the gates of the factory. Bennett's condition was not serious.

A dozen men from the ranks of the 3,000 or more marchers were in jail, some of them facing possible murder charges.

Augmented forces of the law kept watch on the always closely-guarded Ford plant. State police, Detroit officers and Dearborn policemen were assembled at strategic points. They blocked every approach to the plant against the possibility of a second march. National guardsmen, 200 of whom were held at their Detroit armory for seven and a half hours last night, were subject to call should they be needed.

Authorities professed to have no definite reason to believe another march would be made, beyond threats they said they heard from the demonstrators as they fled leaving one dead and three dying behind. Three of the dead were identified as Joe York, Joe Debuske, and Coleman J. Lenz.

Announced in Advance Yesterday's demonstration had been announced weeks in advance. Those of the marchers who talked to newspapermen after the battle declared they themselves were not communists. They said the demonstrators hoped to send in two representatives to ask Henry Ford to employ a larger number of men.

The opposing forces accused each other of inciting the tragic conclusion to the march.

Police said six shots from the demonstrators, fired from behind a parked car, started the fight. The marchers, who passed through a tear gas bomb attack and without reaching the plant, said police started the firing. They claimed to have fought only with bricks and stones.

Ford company officials made no statements but William J. Cameron, a company spokesman, said company men took no part in the fighting; the plant received little damage and that the company had known for weeks that communists were organizing such a march but the plans were not taken seriously.

Thirty-One Under Arrest. DETROIT, March 8.—(P)—Thirty-one persons were under arrest today while state, city and federal officers sought the men believed by them to have instigated yesterday's fatal riot at the gates of the Ford Motor company's River Rouge factory.

Five known communist leaders and labor agitators were sought. They included William Z. Foster, national head of the communist party of the United States; William Reynolds, former communist candidate for mayor of the suburb of Lincoln Park; John Schumler, former communist candidate for mayor of Detroit; Albert Goetz, and John Pace, said by police to be agitators.

Laid to Communists. DETROIT, March 8.—(P)—J. Walter Drake, Michigan member of the president's organization for unemployment relief, in a statement today said:

"From information I have obtained I am convinced that yesterday's disorder at the Ford plant was inspired by the agitation of Communist leaders who for weeks have been trying to arouse dissatisfaction among unemployment in this district."

Particularly, they have been trying to create the impression among the unemployed men that employers are failing to do all that they might do in the present situation.

Employers in the Detroit district and in Michigan generally have cooperated to the fullest extent with the general relief measures of the municipalities and the state and they have spent large amounts of money in their efforts to relieve unemployment and distress."

Twenty Still In Hospitals. DETROIT, March 8.—(P)—A check of the casualty list after yesterday's rioting at the gates

Ackerly Swept By Costly Fire Early Thursday

BIG SPRING, March 10.—(P)—Six business structures on the main thoroughfare of Ackerly, a small town 27 miles southeast of Lamesa, in Dawson county, were ruined by fire today. The flames died down after consuming an empty building which was separated only by a street from the few remaining stores in the business district.

Fire departments from Big Spring and Lamesa were called but arrived too late to be of any assistance. An estimate of the damage was not available.

The blaze started in a drug store and swept through a grocery, a barber shop, a tailoring establishment, and one empty building. Most of the stocks were saved.

LABOR FEDERATION ENDORSES PRINCIPLE OF LAFOLLETTE BILL

PREDICTED THAT UNLESS IT IS APPROVED UNEMPLOYMENT TO CONTINUE

WASHINGTON, Mar. 10.—(P)—The principle of the LaFollette bill for a huge government program of public works was endorsed today by the American Federation of Labor, which predicted that otherwise unemployment will continue without marked diminution through 1933.

The federation's approval in general of the LaFollette plan, which calls for financing the program by a \$500,000,000 bond issue, was made known by Edward F. McGrady, its legislative representative, at a hearing before the senate labor committee.

In a statement, McGrady asserted: "We do not look for any marked increase in employment for the years 1932 or 1933."

"We predict that you will have just as much suffering next winter as you have this winter unless the federal government takes the initiative to create work for the people."

"The principal criticism we have heard of this bill is its cost," said McGrady.

"Our answer is that the cost of unemployment will far outstrip eventually the cost of creating employment."

He added that it has "already had serious consequences" on the American home in the form of bitterness, loss of courage, disrespect for law and order, suicide and insanity.

"We do not see up to the first of this month any increase in employment in spite of the measures passed by the present congress," he said.

New York Senate Acts. ALBANY, N. Y., Mar. 10.—(P)—The New York state senate today passed a bill designed to set in motion referendum machinery for a \$30,000,000 bond issue, to be used directly for relief of the state's estimated 1,000,000 unemployed.

The relief bill, if approved by voters at a referendum next fall, will bring the state's total aid for the unemployed to \$55,000,000.

of the Ford Motor company's plant in Dearborn today showed, in addition to four men dead, 20 members of the group of marchers which battled police still in hospitals, 18 of them suffering from gunshot wounds.

Only one of the group, Thomas Jones 25, was reported in a serious condition.

The postmaster general is placing before the committee changes in the legal requirements of post-office expenditures. The secretary of agriculture has suggested changes in the law requiring expenditures in the department of agriculture, and the other departments are engaged in preparing similar drastic recommendations.

Balancing Budget Important. "I believe the committee on economy, through administrative reorganization and such methods

PRESIDENT GIVES PLANS FOR FEDERAL ECONOMY MOVEMENT

DECLARES BEST WAY IS FOR CONGRESS TO HELP CUT DOWN BUREAU WORK

WASHINGTON, March 8.—(P)—President Hoover took the position today that the best remaining means of slicing federal expenses is for congress to help cut down or suspend duties and functions of various government branches.

The President disclosed at a conference with newspaper men that the cabinet had been canvassing to determine what changes could be made in the activities of government departments that would result in less cash being required from the treasury.

Frank T. Hines, veteran's administrator, has proposed alterations in the law governing allowances and pensions, the president said, which may save as much as \$60,000,000 annually.

In addition, Postmaster General Brown has drawn up suggestions for changes in postoffice routing and Secretary Hyde has done similarly for agricultural expenditures, with both moves designed to save millions yearly.

The chief executive pledged his aid to the special house economy committee and to the ways and means committee, but said he believed there was little room left for cuts of appropriations under present administrative functions.

The President said: "The whole of the administrative officials are co-operating with the special economy committee appointed by the house of representatives in the drive to bring about further drastic economies in federal expenditure."

Budget Reduced. "You will recollect that the budget sent to congress represented reductions in expenditures for the next fiscal year of about \$385,000,000 below the present fiscal year. The house appropriations committee has reduced the amount of bills so far reported out by about \$112,000,000."

"Of this, however, between sixty and seventy million is a deferral until congress meets next December when they will be compelled to meet positive obligations by deficiency bills. To this extent, therefore, the reductions do not help next year's expenditures."

"In order to meet the requirements of the ways and means committee that expenditures must be reduced by \$125,000,000 in order to balance the budget, it is necessary that further cuts be made."

"There is very little room left for reduction by administrative action and the house appropriations committee has passed upon the major supply bills except the army and navy."

Further Economies Needed. "Further economies must be brought about by authorization of congress, either by reorganization of the federal machinery or change in the legal requirements as to expenditure by the various services."

The director of veterans' affairs had proposed to the special house committee on economy some changes in the laws relating to pensions and other allowances which would produce economies of between 50 and 60 millions per annum.

"The postmaster general is placing before the committee changes in the legal requirements of post-office expenditures. The secretary of agriculture has suggested changes in the law requiring expenditures in the department of agriculture, and the other departments are engaged in preparing similar drastic recommendations."

Balancing Budget Important. "I believe the committee on economy, through administrative reorganization and such methods

SECOND QUARTERLY CONFERENCE DATES REV. C. S. WRIGHT

Dr. Caspar S. Wright, presiding elder of the Corsicana district, has announced his second round quarterly conference dates at follows:

Mexia, Sunday, 11 a. m. and 2:30 p. m., March 13.

Wortham, Sunday, 7:30 p. m., March 13.

Corsicana, First Church, 7:30 p. m., March 13.

Corsicana, North Side, 7:30 p. m., March 16.

Corsicana, Eleventh Avenue, 7:30 p. m., March 18.

Thornburg, Sunday, 11 a. m., March 20.

Richland, Sunday, 7:30 p. m., March 20.

Coolidge Circuit, Sunday, 11 a. m., March 27.

Enhouse, at Enhouse, Wednesday, 7:30 p. m., March 30.

Chaffield, at Tupelo, Sunday, 11 a. m., April 3.

Mertens-Irene, at Mertens, Sunday, 7:30 p. m., April 3.

Purdon-Harmony, at Purdon, Sunday, 11 a. m., April 10.

Rice, Sunday, 7:30 p. m., April 10.

Hubbard, 7:30 p. m., April 11.

Dawson, 7:30 p. m., April 12.

Frost, 7:30 p. m., April 13.

Bazette, at Long Prairie, Sunday, 11 a. m., April 17.

Kerens, Sunday, 7:30 p. m., April 17.

District conference at Blooming Grove, May 3 and 4, opening session 9 a. m., May 3.

Preparation on the part of the pastor for quarterly and district conference occasions indicates just how well he is doing his work in all the activities of the church, and the same is true of all other church officials. It is a high tragedy for a man to become so prominent in this world's affairs as to neglect his church duty. CASPAR S. WRIGHT, presiding elder, Corsicana district, Methodist Episcopal Church, South.

N. B.—Next pastors' conference Monday, April 4.

as I have mentioned, will be able to find a large area of economy.

"Nothing is more important than balancing the budget with the least increase in taxes. The federal government should be in such position that it will need issue no securities which increase the public debt after the beginning of the next fiscal year, July 1."

"That is vital to the still further promotion of employment and agriculture."

"It gives positive assurance to business and industry that the government will keep out of the money market and allow industry and agriculture to borrow the monies required for the conduct of business."

"I cannot over-emphasize the importance of the able non-partisan effort being made by the ways and means committee of the house, whose work are complimentary to each other."

Large Net Losses Reported By Steel Corporation Friday

YOUNGSTOWN, O., March 10.—(P)—Youngstown Sheet and Tube company today reported net loss for 1931 of \$7,856,899, after all charges and preferred dividends. The loss is equivalent to \$6.55 per share of common stock.

In 1930 Sheet and Tube reported net profit of \$6,211,132, equal to \$5.02 a share.

A net profit of \$2,309,069 was realized from operations, augmented by other income to a total of \$3,758,864. This sum, however, was insufficient to cover interest charges of \$4,383,571 and depreciation of \$6,437,806, resulting in the net loss. Surplus was reduced \$11,700,889 to \$40,281,501.

WASHINGTON, March 10.—(P)—Charles Wilson, president of the Chicago Livestock Exchange, told the house agriculture committee today that the farm board "is working hand in hand with the packers to depress prices."

Wilson headed a group of livestock dealers from Denver, Omaha, Kansas City, St. Louis and St. Joseph, Missouri, who protested livestock activities of the board.

As the first witness, he said: "Co-operative marketing is 25 years old. The exchanges are handling 85 per cent of the co-operative business, that is, as distinguished from the politically controlled and politically dominated co-operatives set up by the farm board. Our customers have made no complaint."

"Farm board agencies have been a disrupting influence and have done the producers incalculable damage. We are for an open market. The farm board trends toward monopoly. We oppose manipulation. The farm board has promoted the American people to manipulate prices."

"They are endeavoring to drive us out. They have adopted bulldozing tactics to get the business. The board has used its funds

to depress the price of hogs through direct marketing. By their direct marketing program the price on hogs has dropped out of line about \$5 a head in the last eight months."

MINNEAPOLIS, Mar. 10.—(P)—Chairman J. C. Stone today described as "all bunk"—"absolutely untrue," statements made in Washington by Charles Wilson, Chicago live stock exchange president, in attacking the federal farm board.

Wilson told the house agriculture committee today the farm board "is working hand in hand with the packers to depress prices" and said farm board agencies "have been a disrupting influence."

Stone, here to address a dairy-men's convention, said live stock dealers attacking the board are angry because of its aid in cooperative marketing which they fear will damage their business.

Referring to Wilson's assertion that "the board has used its funds to depress the price of hogs through direct marketing," Stone said: "Direct marketing was developed before the farm board was ever thought of. The only thing the National Live Stock Marketing association has done is to help sell products for its members at the best possible price. For that matter the association is not a farm board body. It is the producers' own set up, and we are trying to help it succeed along sound lines as we are instructed to do under the law."

Leon Clark is confined to his home today with flu.

John Estes was doing nicely at the Navarro Clinic Thursday.

FULL CREW LAW NOT OPERATIVE ON MOTOR CARS COURT HOLDS

AUSTIN, March 10.—(P)—The supreme court has refused to review decisions of lower courts holding that steam railroads are not required to man their gasoline and electric-propelled trains with a full crew of four men.

The higher court refused a writ of error in the case of the railroad commission versus the Texas and New Orleans Railway company, wherein the trial court and the civil appeals court found that the full crew law applied only to steam propelled trains. The law requires steam trains to be operated with a full crew of engineer, fireman, conductor and brakeman.

The attorney general's department under a former administration ruled that the full crew law applied to motor trains as well as steam trains and the railroad commission ordered the Texas and New Orleans Railway company to comply. The suit to determine the law's meaning as applied to motor trains was instituted.

LIONS MEET AT TERRELL. TERRELL, March 10.—(P)—A district meeting of Lions International is to be held at the Methodist church here Thursday evening. Representatives from the clubs of Dallas, Hunt, Van Zandt and Kaufman counties are expected to attend. A banquet will be served by the ladies of the church.
